§ 1309.31 Site description.

(a) An application for the purchase or approval of a continuing purchase of a modular unit pursuant to §1309.2 must state specifically where the modular unit is or will be installed, and whether the land on which the modular unit will be installed will be purchased by the grantee. If the grantee does not propose to purchase the land on which to install the modular unit or if the modular unit the grantee is continuing to purchase with Head Start funds is located on land not owned by the grantee, the application must state who owns the land on which the modular unit is or will be situated and describe the easement, right-of-way or land rental it will obtain or has obtained to allow it sufficient access to the modular unit.

(b) Modular units which are purchased with grant funds and which are not permanently affixed to land, or which are affixed to land which is not owned by the grantee, must have posted in a conspicuous place the following notice: "On (date), the Department of Health and Human Services (DHHS) awarded (grant number) to (Name of grantee). The grant provided Federal funds for conduct of a Head Start program, including purchase of this modular unit. The grant incorporated conditions which included restrictions on the use and disposition of this property, and provided for a continuing Federal interest in the property. Specifically, the property may not be used for any purpose other than the purpose for which the facility was funded, without the express written approval of the responsible DHHS official, or sold or

transferred to another party without the written permission of the responsible DHHS official. These conditions are in accordance with the statutory provisions set forth in 42 U.S.C. 9839; the regulatory provisions set forth in 45 CFR part 1309, 45 CFR part 74 and 45 CFR part 92; and Administration for Children and Families' grants policy."

(c) A modular unit which has been approved for purchase and installation in one location may not be moved to another location without the written permission of the responsible HHS official.
