- (3) Services delivery; and

A responsive community-based system of services shall include collaboration in planning, resource allocation and delivery of a comprehensive array of services and opportunities for all older Americans in the community. The intent is to use title III funds as a catalyst in bringing together public and private resources in the community to assure the provision of a full range of efficient, well coordinated and accessible services for older persons.

(c) Each State agency designates planning and service areas in the State, and makes a subgrant or contract under an approved area plan to one area agency in each planning and service area for the purpose of building comprehensive systems for older people throughout the State. Area agencies in turn make subgrants or contracts to service providers to perform certain specified functions.
