**§ 1355.40 Foster care and adoption data collection.**

(a) *Scope of the data collection system.*

(1) Each State which administers or supervises the administration of titles IV-B and IV-E must implement a system that begins to collect data on October 1, 1994. The first transmission must be received in ACF no later than May 15, 1995. The data reporting system must meet the requirements of § 1355.40(b) and electronically report certain data regarding children in foster care and adoption. The foster care

data elements are listed and defined in Appendix A to this part and the adoption data elements are listed and defined in Appendix B to this part.

(2) For the purposes of foster care reporting, each State's data transmission must include all children in foster care for whom the State title IV-B/IV-E agency has responsibility for placement, care, or supervision. This includes American Indian children covered under the assurances in section 422(b)(10) of the Act on the same basis as any other child. For children in care less than 30 days, only a core set of information will be required, as noted in appendix A to this part. For children who enter foster care prior to October 1, 1995 and who are still in the system, core data elements will be required; in addition, States will also be required to report on the most recent case plan goal affecting those children. For children in out-of-State placement, the State placing the child and making the foster care payment submits and continually updates the data.

(3) For the purposes of adoption reporting, data are required to be transmitted by the State on all adopted children who were placed by the State title IV-B/IV-E agency, and on all adopted children for whom the State agency is providing adoption assistance (either ongoing or for nonrecurring expenses), care or services directly or by contract or agreement with other private or public agencies. Full adoption data as specified in appendix B to this part are required only for children adopted after the implementation date of October 1, 1994. For children adopted prior to October 1, 1994, who are continuing to receive title IV-E subsidies, aggregate data are to be reported. For a child adopted out-of-State, the State which placed the child submits the data.

(b) *Foster care and adoption reporting requirements.*

(1) The State agency shall transmit semi-annually, within 45 days of the end of the reporting period (i.e., by May 15 and November 14), information on each child in foster care and each child adopted during the reporting period. The information to be reported consists of the data elements found in appendices A and B to this part. The data must be extracted from the data
