

(d) A “material poisonous by inhalation,” as defined in §171.8 of this title, that meets the criteria for “hazard zone B,” as specified in §173.116(a) or §173.133(a) of this title in a bulk packaging (capacity greater than 450 L [119 gallons]);

(e) A “material poisonous by inhalation,” as defined in §171.8 of this title, that meets the criteria for “hazard zone C,” or “hazard zone D,” as specified in §173.116(a) of this title, in a packaging having a capacity equal to or greater than 13,248 L (3,500) gallons; or

(f) A shipment of compressed or refrigerated liquefied methane or liquefied natural gas, or other liquefied gas with a methane content of at least 85 percent, in a bulk packaging having a capacity equal to or greater than 13,248 L (3,500 gallons).

**§ 385.405 How does a motor carrier apply for a safety permit?**

(a) *Application form(s).* To apply for a new safety permit or renewal of the safety permit, a motor carrier must complete and submit Form MCS–150B, Combined Motor Carrier Identification Report and HM Permit Application.

(1) The Form MCS–150B will also satisfy the requirements for obtaining and renewing a DOT identification number; there is no need to complete Form MCS–150, Motor Carrier Identification Report.

(2) A new entrant, as defined in §385.3, must also submit Form MCS–150A, Safety Certification for Application (Safety Certification for Application for USDOT Number) (see subpart D of this part).

(b) *Where to get forms and instructions.* The forms listed in paragraph (a) of this section, and instructions for completing the forms, may be obtained on the Internet at <http://www.fmcsa.dot.gov>, or by contacting FMCSA at Federal Motor Carrier Safety Administration, MC-PSDRIS, Room 8214, 400 7th Street, SW, Washington, DC 20590, Telephone: 1-800-832-5660.

(c) *Signature and certification.* An official of the motor carrier must sign and certify that the information is correct on each form the motor carrier submits.

(d) *Updating information on Form MCS–150B.* A motor carrier holding a safety permit must report to FMCSA any change in the information on its Form MCS–150B within 30 days of the change. The motor carrier must use Form MCS–150B to report the new information (contact information in paragraph (b) of this section).

**§ 385.407 What conditions must a motor carrier satisfy for FMCSA to issue a safety permit?**

(a) *Motor carrier safety performance.*

(1) The motor carrier must have a “Satisfactory” safety rating assigned by either FMCSA, pursuant to the Safety Fitness Procedures of this part, or the State in which the motor carrier has its principal place of business, if the State has adopted and implemented safety fitness procedures that are equivalent to the procedures in subpart A of this part; and,

(2) FMCSA will not issue a safety permit to a motor carrier that:

(i) Does not certify that it has a satisfactory security program as required in §385.407(b);

(ii) Has a crash rate in the top 30 percent of the national average as indicated in the FMCSA Motor Carrier Management Information System (MCMIS); or

(iii) Has a driver, vehicle, hazardous materials, or total out-of-service rate in the top 30 percent of the national average as indicated in the MCMIS.

(b) *Satisfactory security program.* The motor carrier must certify that it has a satisfactory security program, including:

(1) A security plan meeting the requirements of part 172, subpart I of this title, and addressing how the carrier will ensure the security of the written route plan required by this part;

(2) A communications plan that allows for contact between the commercial motor vehicle operator and the motor carrier to meet the periodic contact requirements in §385.415(c)(1); and

(3) Successful completion by all hazmat employees of the security training required in §172.704(a)(4) and (a)(5) of this title.

(c) *Registration with the Research and Special Programs Administration (RSPA).* The motor carrier must be registered

with RSPA in accordance with part 107, subpart G of this title.

**§ 385.409 When may a temporary safety permit be issued to a motor carrier?**

(a) *Temporary safety permit.* If a motor carrier does not meet the criteria in § 385.407(a), FMCSA may issue it a temporary safety permit. To obtain a temporary safety permit a motor carrier must certify on Form MCS-150B that it is operating in full compliance with the HMRs; with the FMCSRs, and/or comparable State regulations, whichever is applicable; and with the minimum financial responsibility requirements in part 387 of this chapter or in State regulations, whichever is applicable.

(b) FMCSA will not issue a temporary safety permit to a motor carrier that:

(1) Does not certify that it has a satisfactory security program as required in § 385.407(b);

(2) Has a crash rate in the top 30 percent of the national average as indicated in the FMCSA's MCMIS; or

(3) Has a driver, vehicle, hazardous materials, or total out-of-service rate in the top 30 percent of the national average as indicated in the MCMIS.

(c) A temporary safety permit shall be valid for 180 days after the date of issuance or until the motor carrier is assigned a new safety rating, whichever occurs first.

(1) A motor carrier that receives a Satisfactory safety rating will be issued a safety permit (see § 385.421).

(2) A motor carrier that receives a less than Satisfactory safety rating is ineligible for a safety permit and will be subject to revocation of its temporary safety permit.

(d) If a motor carrier has not received a safety rating within the 180-day time period, FMCSA will extend the effective date of the temporary safety permit for an additional 60 days, provided the motor carrier demonstrates that it is continuing to operate in full compliance with the FMCSRs and HMRs.

**§ 385.411 Must a motor carrier obtain a safety permit if it has a State permit?**

Yes. However, if FMCSA is able to verify that a motor carrier has a safety permit issued by a State under a program that FMCSA has determined to be equivalent to the provisions of this subpart, FMCSA will immediately issue a safety permit to the motor carrier upon receipt of an application in accordance with § 385.405, without further inspection or investigation.

**§ 385.413 What happens if a motor carrier receives a proposed safety rating that is less than Satisfactory?**

(a) If a motor carrier does not already have a safety permit, it will not be issued a safety permit (including a temporary safety permit) unless and until a Satisfactory safety rating is issued to the motor carrier.

(b) If a motor carrier holds a safety permit (including a temporary safety permit), the safety permit will be subject to revocation or suspension (see § 385.421).

**§ 385.415 What operational requirements apply to the transportation of a hazardous material for which a permit is required?**

(a) *Information that must be carried in the vehicle.* During transportation, the following must be maintained in each commercial motor vehicle that transports a hazardous material listed in § 385.403 and must be made available to an authorized official of a Federal, State, or local government agency upon request.

(1) A copy of the safety permit or another document showing the permit number, provided that document clearly indicates the number is the FMCSA Safety Permit number;

(2) A written route plan that meets the requirements of § 397.101 of this chapter for highway route-controlled Class 7 (radioactive) materials or § 397.67 of this chapter for Division 1.1, 1.2, and 1.3 (explosive) materials; and

(3) The telephone number, including area code or country code, of an employee of the motor carrier or representative of the motor carrier who is familiar with the routing of the permitted material. The motor carrier
