§ 190.05 Making and taking delivery on commodity contracts.

(a) *General.* (1) In the event that the trustee is unable to liquidate an open commodity futures contract subject to physical delivery or an option on a physical commodity, which cannot be settled in cash, prior to the last day of trading in that contract as required by §§ 190.02(f)(1) and 190.03(b)(5), the trustee must use its best efforts to prevent property which is to be delivered for or on behalf of a customer to fulfill that contract, or property for which delivery is being taken with respect to a customer pursuant to that contract, from becoming part of the debtor's estate.

(2) Delivery account shall mean any account prominently designated as such in the records of the debtor which contains only the specifically identifiable property associated with delivery set forth in § 190.01(kk) (3), (4), and (5), except that with respect to § 190.01(kk) (4) and (5), delivery need not be made or taken and exercise need not be effected for such property to be included in a delivery account.

(3) The portion of the price or the proceeds of a commodity contract upon delivery which is not specifically identifiable property under § 190.01(kk) (4) and (5) must be distributed pro rata under section 766(h) of the Code.

(b) *Contract market rules for deliveries on behalf of a customer of a debtor.* Except in the case of a commodity futures or option contract which is settled in cash, each contract market shall adopt, maintain in effect and enforce rules which have been approved by the Commission in accordance with section 5a(a)(12) of the Act and § 1.41 of this chapter, which:

(1) Permit the making and taking of delivery to fulfill a commodity futures contract for a physical commodity or an option on a physical commodity, which has not become part of the debtor's estate on the date of the entry of the order for relief but with respect to which commodity contract:

(i) Trading has ceased on the date of the entry of the order for relief;

(ii) Notice of delivery has been tendered on or before the date of the entry of the order for relief; or,

(iii) Trading ceases before it can be liquidated by the trustee, to be effected directly between the customer of the debtor and the person identified by the clearing organization as the party to whom delivery should be made or from whom delivery should be taken by such customer of the debtor without intervention of the trustee and without including such physical commodity or the payment for such physical commodity in any bankruptcy distribution: *Provided, however,* That a customer shall not be relieved of his obligation to make or take delivery for the sole reason that delivery must be made or taken from a commodity broker which is a debtor; and

(2) Recognize that the equity of a customer of the debtor in a commodity contract upon which delivery is made or taken must be included in the net equity claim of that customer and, as such, can only be distributed pro rata at the time of, and as part of, any distributions to customers made by the trustee.

(c) *Delivery made or taken within the debtor's estate.* (1) Any property in a delivery account which is part of the debtor's estate on the date of the order for relief may be returned under the terms set forth in § 190.08(d)(1)(ii).

(2) If the property to be delivered is part of the debtor's estate on the date of the order for relief and a customer of

the debtor is required to make delivery, the trustee must make delivery in the same manner as if no bankruptcy had occurred and the party by whom delivery is taken must pay the full notice price or strike price for delivery.

(3) If delivery is to be made or taken on behalf of a house account the trustee must either make or take delivery, as the case may be, on behalf of the debtor's estate: *Provided*, That if the trustee, at any time, takes delivery of a physical commodity, the trustee must convert that physical commodity to cash as promptly as possible.

§ 190.06 Transfers.

(a) *Transfer rules.* No self-regulatory organization or clearing organization may adopt, maintain in effect or enforce rules which:

(1) Are inconsistent with the provisions of this part;

(2) Interfere with the acceptance by its members of open commodity contracts and the equity margining or securing such contracts from futures commission merchants, or persons which are required to be registered as futures commission merchants, which are required to transfer accounts pursuant to §1.17(a)(4) of this chapter; or

(3) Prevent the acceptance by its members of transfers of open commodity contracts and the equity margining or securing such contracts from futures commission merchants with respect to which a petition in bankruptcy has been filed, if such transfers have been approved by the Commission.

Provided, however, That this paragraph shall not limit the exercise of any contractual right of a self-regulatory organization or clearing organization to liquidate open commodity contracts.

(b) *Notice.* Unless notice has been filed pursuant to §1.65(b) of this chapter, if a futures commission merchant, or a person required to be registered as a futures commission merchant, intends to transfer commodity contracts held by or for a commodity broker from or for the account of a customer to another person registered as a futures commission merchant after a petition in bankruptcy has been filed by or against such commodity broker, the transferor must notify the Commission no later than is required under §190.02(a)(2).

(c) *Financial requirements for transferees.* (1) No transfer may be made which would cause the transferee to be in violation of the minimum financial requirements set forth in this chapter.

(2) A transferee may accept a transfer of open commodity contracts even though the money, securities and other property eligible for transfer under the regulations contained in this part is insufficient to fully margin such positions, if the transferee agrees to accept the transfer subject to any loss due to the failure to recover such deficiency from the customers whose contracts it has accepted or from the estate of the debtor.

(3) The transferee of a commodity contract for which notice is given under §190.06(b)(2) must keep that contract open one business day after its receipt, unless the customer for whom the transfer is made fails to respond within a reasonable time to a margin call for the difference between the margin transferred with such contract and the margin which such transferee would require with respect to a similar commodity contract held for the account of a customer in the ordinary course of business.

(4) No commission may be collected by the transferor with respect to the transfer of an open commodity contract for which notice is given under §190.06(b)(2).

(d) *Customer instructions*—(1) *Customer instructions.* A commodity broker must provide an opportunity for each customer to specify when undertaking its first hedging contract whether, in the event of bankruptcy, such customer prefers that open commodity contracts held in a hedging account be liquidated
