

other single textile material in the fabric or component under consideration, with the value in each case determined by application of the principles set forth in §10.243(c)(1)(ii).

Cut in one or more ATPDEA beneficiary countries. “Cut” when used in the context of production of textile luggage in one or more ATPDEA beneficiary countries means that all fabric components used in the assembly of the article were cut from fabric in one or more ATPDEA beneficiary countries, or were cut from fabric in the United States and used in a partial assembly operation in the United States prior to cutting of fabric and assembly of the article in one or more ATPDEA beneficiary countries, or both.

Foreign. “Foreign” means of a country other than the United States or an ATPDEA beneficiary country.

HTSUS. “HTSUS” means the Harmonized Tariff Schedule of the United States.

Knit-to-shape components. “Knit-to-shape,” when used with reference to textile components, means components that are knitted or crocheted from a yarn directly to a specific shape containing a self-start edge. Minor cutting or trimming will not affect the determination of whether a component is “knit-to-shape.”

Luggage. “Luggage” means travel goods (such as trunks, hand trunks, lockers, valises, satchels, suitcases, wardrobe cases, overnight bags, pullman bags, gladstone bags, traveling bags, knapsacks, kitbags, haversacks, duffle bags, and like articles designed to contain clothing or other personal effects during travel) and brief cases, portfolios, school bags, photographic equipment bags, golf bags, camera cases, binocular cases, gun cases, occupational luggage cases (for example, physicians’ cases, sample cases), and like containers and cases designed to be carried with the person. The term “luggage” does not include handbags (that is, pocketbooks, purses, shoulder bags, clutch bags, and all similar articles, by whatever name known, customarily carried by women or girls). The term “luggage” also does not include flat goods (that is, small flatware designed to be carried on the person, such as banknote cases, bill cases, bill-

fold, bill purses, bill rolls, card cases, change cases, cigarette cases, coin purses, coin holders, compacts, currency cases, key cases, letter cases, license cases, money cases, pass cases, passport cases, powder cases, spectacle cases, stamp cases, vanity cases, tobacco pouches, and similar articles).

NAFTA. “NAFTA” means the North American Free Trade Agreement entered into by the United States, Canada, and Mexico on December 17, 1992.

Preferential treatment. “Preferential treatment” means entry, or withdrawal from warehouse for consumption, in the customs territory of the United States free of duty and free of any quantitative restrictions, limitations, or consultation levels as provided in 19 U.S.C. 3203(b)(3).

Wholly formed fabric components. “Wholly formed,” when used with reference to fabric components, means that all of the production processes, starting with the production of wholly formed fabric and ending with a component that is ready for incorporation into an apparel article, took place in a single country.

Wholly formed fabrics. “Wholly formed,” when used with reference to fabric(s), means that all of the production processes, starting with polymers, fibers, filaments, textile strips, yarns, twine, cordage, rope, or strips of fabric and ending with a fabric by a weaving, knitting, needling, tufting, felting, entangling or other process, took place in a single country.

Wholly formed yarns. “Wholly formed,” when used with reference to yarns, means that all of the production processes, starting with the extrusion of filament, strip, film, or sheet and including drawing to fully orient a filament or slitting a film or sheet into strip, or the spinning of all fibers into yarn, or both, and ending with a yarn or plied yarn, took place in the United States or in one or more ATPDEA beneficiary countries.

§10.243 Articles eligible for preferential treatment.

(a) *General.* Subject to paragraphs (b) and (c) of this section, preferential treatment applies to the following apparel and other textile articles that are

§ 10.243

19 CFR Ch. I (4-1-06 Edition)

imported directly into the customs territory of the United States from an ATPDEA beneficiary country:

(1) Apparel articles sewn or otherwise assembled in one or more ATPDEA beneficiary countries, or in the United States, or in both, exclusively from any one of the following:

(i) Fabrics or fabric components wholly formed, or components knit-to-shape, in the United States, from yarns wholly formed in the United States or in one or more ATPDEA beneficiary countries (including fabrics not formed from yarns, if those fabrics are classifiable under heading 5602 or 5603 of the HTSUS and are formed in the United States), provided that, if the apparel article is assembled from knitted or crocheted or woven wholly formed fabrics or from knitted or crocheted or woven wholly formed fabric components produced from fabric, all dyeing, printing, and finishing of that knitted or crocheted or woven fabric or component was carried out in the United States;

(ii) Fabrics or fabric components formed, or components knit-to-shape, in one or more ATPDEA beneficiary countries from yarns wholly formed in one or more ATPDEA beneficiary countries, if those fabrics (including fabrics not formed from yarns, if those fabrics are classifiable under heading 5602 or 5603 of the HTSUS and are formed in one or more ATPDEA beneficiary countries) or components are in chief value of llama, alpaca, and/or vicuña;

(iii) Fabrics or yarns, provided that apparel articles (except articles classifiable under subheading 6212.10 of the HTSUS) of those fabrics or yarns would be considered an originating good under General Note 12(t), HTSUS, if the apparel articles had been imported directly from Canada or Mexico; or

(iv) Fabrics or yarns that the President or his designee has designated in the FEDERAL REGISTER as fabrics or yarns that cannot be supplied by the domestic industry in commercial quantities in a timely manner;

(2) Apparel articles sewn or otherwise assembled in one or more ATPDEA beneficiary countries, or in the United States, or in both, exclusively from a combination of fabrics, fabric components, knit-to-shape components or

yarns described in two or more of paragraphs (a)(1)(i) through (a)(1)(iv) of this section;

(3) A handloomed, handmade, or folklore apparel or other textile article of an ATPDEA beneficiary country that the President or his designee and representatives of the ATPDEA beneficiary country mutually agree is a handloomed, handmade, or folklore article and that is certified as a handloomed, handmade, or folklore article by the competent authority of the ATPDEA beneficiary country;

(4) Brassieres classifiable under subheading 6212.10 of the HTSUS, if both cut and sewn or otherwise assembled in the United States, or in one or more ATPDEA beneficiary countries, or in both, other than articles entered as articles described in paragraphs (a)(1) through (a)(3) and (a)(7) of this section, and provided that any applicable additional requirements set forth in §10.248 are met;

(5) Textile luggage assembled in an ATPDEA beneficiary country from fabric wholly formed and cut in the United States, from yarns wholly formed in the United States, that is entered under subheading 9802.00.80 of the HTSUS;

(6) Textile luggage assembled in one or more ATPDEA beneficiary countries from fabric cut in one or more ATPDEA beneficiary countries from fabric wholly formed in the United States from yarns wholly formed in the United States; and

(7) Apparel articles sewn or otherwise assembled in one or more ATPDEA beneficiary countries from fabrics or from fabric components formed, or from components knit-to-shape, in one or more ATPDEA beneficiary countries from yarns wholly formed in the United States or in one or more ATPDEA beneficiary countries (including fabrics not formed from yarns, if those fabrics are classifiable under heading 5602 or 5603 of the HTSUS and are formed in one or more ATPDEA beneficiary countries), including apparel articles sewn or otherwise assembled in part but not exclusively from any of the fabrics, fabric components formed, or components knit-to-shape described in paragraph (a)(1) of this section.

(b) *Dyeing, printing, finishing and other operations*—(1) *Dyeing, printing and finishing operations.* Dyeing, printing, and finishing operations may be performed on any yarn, fabric, or knit-to-shape or other component used in the production of any article described under paragraph (a) of this section without affecting the eligibility of the article for preferential treatment, provided that the operation is performed in the United States or in an ATPDEA beneficiary country and not in any other country and subject to the following additional conditions:

(i) In the case of an article described in paragraph (a)(1), (a)(2), or (a)(7) of this section that contains a knitted or crocheted or woven fabric, or a knitted or crocheted or woven fabric component produced from fabric, that was wholly formed in the United States from yarns wholly formed in the United States, any dyeing, printing, or finishing of that knitted or crocheted or woven fabric or component must have been carried out in the United States; and

(ii) In the case of assembled luggage described in paragraph (a)(5) of this section, an operation may be performed in an ATPDEA beneficiary country only if that operation is incidental to the assembly process within the meaning of §10.16.

(2) *Other operations.* An article described under paragraph (a) of this section that is otherwise eligible for preferential treatment will not be disqualified from receiving that treatment by virtue of having undergone one or more operations such as embroidering, stone-washing, enzyme-washing, acid washing, perma-pressing, oven-baking, bleaching, garment-dyeing or screen printing, provided that the operation is performed in the United States or in an ATPDEA beneficiary country and not in any other country. However, in the case of assembled luggage described in paragraph (a)(5) of this section, an operation may be performed in an ATPDEA beneficiary country without affecting the eligibility of the article for preferential treatment only if it is incidental to the assembly process within the meaning of §10.16.

(c) *Special rules for certain component materials*—(1) *Foreign findings, trim-*

mings, interlinings, and yarns—(i) *General.* An article otherwise described under paragraph (a) of this section will not be ineligible for the preferential treatment referred to in §10.241 because the article contains:

(A) Findings and trimmings of foreign origin, if the value of those findings and trimmings does not exceed 25 percent of the cost of the components of the assembled article. For purposes of this section “findings and trimmings” include, but are not limited to, sewing thread, hooks and eyes, snaps, buttons, “bow buds,” decorative lace trim, elastic strips, zippers (including zipper tapes), and labels;

(B) Interlinings of foreign origin, if the value of those interlinings does not exceed 25 percent of the cost of the components of the assembled article. For purposes of this section “interlinings” include only a chest type plate, a “hymo” piece, or “sleeve header,” of woven or weft-inserted warp knit construction and of coarse animal hair or man-made filaments;

(C) Any combination of findings and trimmings of foreign origin and interlinings of foreign origin, if the total value of those findings and trimmings and interlinings does not exceed 25 percent of the cost of the components of the assembled article; or

(D) Yarns not wholly formed in the United States or in one or more ATPDEA beneficiary countries if the total weight of all those yarns is not more than 7 percent of the total weight of the article.

(ii) *“Cost” and “value” defined.* The “cost” of components and the “value” of findings and trimmings or interlinings referred to in paragraph (c)(1)(i) of this section means:

(A) The price of the components, findings and trimmings, or interlinings when last purchased, f.o.b. port of exportation, as set out in the invoice or other commercial documents, or, if the price is other than f.o.b. port of exportation:

(1) The price as set out in the invoice or other commercial documents adjusted to arrive at an f.o.b. port of exportation price; or

(2) If no exportation to an ATPDEA beneficiary country is involved, the price as set out in the invoice or other

§ 10.244

19 CFR Ch. I (4-1-06 Edition)

commercial documents, less the freight, insurance, packing, and other costs incurred in transporting the components, findings and trimmings, or interlinings to the place of production if included in that price; or

(B) If the price cannot be determined under paragraph (c)(1)(ii)(A) of this section or if Customs finds that price to be unreasonable, all reasonable expenses incurred in the growth, production, manufacture, or other processing of the components, findings and trimmings, or interlinings, including the cost or value of materials and general expenses, plus a reasonable amount for profit, and the freight, insurance, packing, and other costs, if any, incurred in transporting the components, findings and trimmings, or interlinings to the port of exportation.

(iii) *Treatment of yarns as findings or trimmings.* If any yarns not wholly formed in the United States or one or more ATPDEA beneficiary countries are used in an article as a finding or trimming described in paragraph (c)(1)(i)(A) of this section, the yarns will be considered to be a finding or trimming for purposes of paragraph (c)(1)(i) of this section.

(2) *Special rule for nylon filament yarn.* An article otherwise described under paragraph (a)(1)(i) through (iii), (a)(2), or (a)(7) of this section will not be ineligible for the preferential treatment referred to in §10.241 because the article contains nylon filament yarn (other than elastomeric yarn) that is classifiable in subheading 5402.10.30, 5402.10.60, 5402.31.30, 5402.31.60, 5402.32.30, 5402.32.60, 5402.41.10, 5402.41.90, 5402.51.00, or 5402.61.00 of the HTSUS and that is entered free of duty from Canada, Mexico, or Israel.

(d) *Imported directly defined.* For purposes of paragraph (a) of this section, the words “imported directly” mean:

(1) Direct shipment from any ATPDEA beneficiary country to the United States without passing through the territory of any country that is not an ATPDEA beneficiary country;

(2) If the shipment is from any ATPDEA beneficiary country to the United States through the territory of any country that is not an ATPDEA beneficiary country, the articles in the shipment do not enter into the com-

merce of any country that is not an ATPDEA beneficiary country while en route to the United States and the invoices, bills of lading, and other shipping documents show the United States as the final destination; or

(3) If the shipment is from any ATPDEA beneficiary country to the United States through the territory of any country that is not an ATPDEA beneficiary country, and the invoices and other documents do not show the United States as the final destination, the articles in the shipment upon arrival in the United States are imported directly only if they:

(i) Remained under the control of the customs authority of the intermediate country;

(ii) Did not enter into the commerce of the intermediate country except for the purpose of sale other than at retail, and the port director is satisfied that the importation results from the original commercial transaction between the importer and the producer or the producer’s sales agent; and

(iii) Were not subjected to operations other than loading or unloading, and other activities necessary to preserve the articles in good condition.

§ 10.244 Certificate of Origin.

(a) *General.* A Certificate of Origin must be employed to certify that an apparel or other textile article being exported from an ATPDEA beneficiary country to the United States qualifies for the preferential treatment referred to in §10.241. The Certificate of Origin must be prepared by the exporter in the ATPDEA beneficiary country in the format specified in paragraph (b) of this section. Where the ATPDEA beneficiary country exporter is not the producer of the article, that exporter may complete and sign a Certificate of Origin on the basis of:

(1) Its reasonable reliance on the producer’s written representation that the article qualifies for preferential treatment; or

(2) A completed and signed Certificate of Origin for the article voluntarily provided to the exporter by the producer.

(b) *Form of Certificate.* The Certificate of Origin referred to in paragraph (a) of
