

and except in the case of a good to which appendix 6.B. to Annex 300-B of the NAFTA applies (see, however, §12.132 of this chapter), the declaration shall be based on a complete and properly executed original Certificate of Origin, or copy thereof, which is in the possession of the importer and which covers the good being imported.

(b) *Corrected declaration.* If, after making the declaration required under paragraph (a) of this section or under §181.32(b)(2) of this part, the U.S. importer has reason to believe that a Certificate of Origin on which a declaration was based contains information that is not correct, the importer shall within 30 calendar days after the date of discovery of the error make a corrected declaration and pay any duties that may be due. A corrected declaration shall be effected by submission of a letter or other written statement to the Customs office where the original declaration was filed.

§181.22 Maintenance of records and submission of Certificate by importer.

(a) *Maintenance of records.* Each importer claiming preferential tariff treatment for a good imported into the United States shall maintain in the United States, for five years after the date of entry of the good, all documentation relating to the importation of the good. Such documentation shall include a copy of the Certificate of Origin and any other relevant records as specified in §163.1(a) of this chapter.

(b) *Submission of Certificate.* An importer who claims preferential tariff treatment on a good under §181.21 of this part shall provide, at the request of the port director, a copy of each Certificate of Origin pertaining to the good which is in the possession of the importer. A Certificate of Origin submitted to Customs under this paragraph or under §181.32(b)(3) of this part:

(1) Shall be on Customs Form 434, including privately-printed copies thereof, or on such other form as approved by the Canadian or Mexican customs administration, or, as an alternative to Customs Form 434 or such other approved form, in an approved computerized format or such other medium or format as is approved by the Office of

Field Operations, U.S. Customs Service, Washington, DC 20229. An alternative format must contain the same information and certification set forth on Customs Form 434;

(2) Shall be signed by the exporter or by the exporter's authorized agent having knowledge of the relevant facts;

(3) Shall be completed either in the English language or in the language of the country from which the good is exported. If the Certificate is completed in a language other than English, the importer shall also provide to the port director, upon request, a written English translation thereof;

(4) Shall be accepted by Customs for four years after the date on which the Certificate was signed by the exporter or producer; and

(5) May be applicable to:

(i) A single importation of a good into the United States, including a single shipment that results in the filing of one or more entries and a series of shipments that results in the filing of one entry; or

(ii) Multiple importations of identical goods into the United States that occur within a specified period, not exceeding 12 months, set out therein by the exporter or producer.

(c) *Acceptance of Certificate.* A Certificate of Origin shall be accepted by the port director as valid for the purpose set forth in §181.11(a) of this part, provided that the Certificate is completed, signed and dated in accordance with the requirements of paragraph (b) of this section. If the port director determines that a Certificate is illegible or defective or has not been completed in accordance with paragraph (b) of this section, the importer shall be given a period of not less than five working days to submit a corrected Certificate. Acceptance of a Certificate will result in the granting of preferential tariff treatment to the imported good unless, in connection with an origin verification initiated under subpart G of this part or based on a pattern of conduct within the meaning of §181.76(c) of this part, the port director determines that the imported good does not qualify as an originating good or should not be accorded such treatment for any other reason as specifically provided for elsewhere in this

§ 181.23

part. A Certificate shall not be accepted in connection with subsequent importations during a period referred to in paragraph (b)(5)(ii) of this section if, based on an origin verification under subpart G of this part, the port director determined that a previously imported identical good covered by the Certificate did not qualify as an originating good.

(d) *Certificate not required*—(1) *General*. Except as otherwise provided in paragraph (d)(2) of this section, an importer shall not be required to have a Certificate of Origin in his possession for:

(i) An importation of a good for which the port director has in writing waived the requirement for a Certificate of Origin because the port director is otherwise satisfied that the good qualifies for preferential tariff treatment under the NAFTA;

(ii) A non-commercial importation of a good; or

(iii) A commercial importation of a good whose value does not exceed US\$2,500, provided that, unless waived by the port director, the producer, exporter, importer or authorized agent includes on, or attaches to, the invoice or other document accompanying the shipment the following signed statement:

I hereby certify that the good covered by this shipment qualifies as an originating good for purposes of preferential tariff treatment under the NAFTA.

(2) *Exception*. If the port director determines that an importation described in paragraph (d)(1) of this section forms part of a series of importations that may reasonably be considered to have been undertaken or arranged for the purpose of avoiding a certification requirement set forth in this part, the

port director shall notify the importer in writing that for that importation the importer must have in his possession a valid Certificate of Origin to support the claim for preferential tariff treatment. The importer shall have 30 calendar days from the date of the written notice to obtain a valid Certificate, and a failure to timely obtain the Certificate will result in denial of the claim for preferential tariff treatment. For purposes of paragraph (d)(2) of this section, a "series of importations" means two or more entries covering goods arriving on the same day from the same exporter and consigned to the same person.

§ 181.23 Effect of noncompliance; failure to provide documentation regarding transshipment.

(a) *Effect of noncompliance*. If the importer fails to comply with any requirement under this part, including submission of a Certificate of Origin under § 181.22(b) or submission of a corrected Certificate under § 181.22(c), the port director may deny preferential tariff treatment to the imported good.

(b) *Failure to provide documentation regarding transshipment*. Where the requirements for preferential tariff treatment set forth elsewhere in this part are met, the port director nevertheless may deny preferential tariff treatment to an originating good if the good is shipped through or transshipped in a country other than the United States, Canada or Mexico and the importer of the good does not provide, at the request of the port director, copies of the customs control documents that indicate to the satisfaction of the port director that the good remained under customs control while in such other country.

Subpart D—Post-Importation Duty Refund Claims

§ 181.31 Right to make post-importation claim and refund duties.

Notwithstanding any other available remedy, including the right to amend an entry so long as liquidation of the entry has not become final, where a
