

§ 4.10 Request for overtime services.

Request for overtime services in connection with entry or clearance of a vessel, including the boarding of a vessel in accordance with § 4.1 shall be made on Customs Form 3171. (See § 24.16 of this chapter regarding pleasure vessels.) Such request for overtime services must specify the nature of the services desired and the exact times when they will be needed, unless a term special license (unlimited or limited to the service requested) has been issued (see § 4.30(g)) and arrangements are made locally so that the proper Customs officer will be notified during official hours in advance of the rendering of the services as to the nature of the services desired and the exact times they will be needed. Such request shall not be approved (previously issued term special licenses shall be revoked) unless the carrier complies with the provisions of paragraphs (l) and (m) of § 4.30 regarding terminal facilities and employee lists, respectively, and the required cash deposit or bond, on Customs Form 301, containing the bond conditions set forth in § 113.64 of this chapter, has been received. Separate bonds shall be required if overtime services are requested by different principals.

[T.D. 72-189, 37 FR 13975, July 15, 1972, as amended by T.D. 84-213, 49 FR 41163, Oct. 19, 1984; T.D. 92-74, 57 FR 35751, Aug. 11, 1992]

§ 4.11 Sealing of stores.

Upon the arrival of a vessel from a foreign port, or a vessel engaged in the foreign trade from a domestic port, sea stores and ship's stores not required for immediate use or consumption on board while the vessel is in port and articles acquired abroad by officers and members of the crew, for which no permit to land has been issued, shall be placed under seal, unless the Customs officer is of the opinion that the circumstances do not require such action. Customs inspectors in charge of the vessel, from time to time, as in their judgment the necessity of the case requires, may issue stores from under seal for consumption on board the vessel by its passengers and crew. (See § 4.39.)

§ 4.12 Explanation of manifest discrepancy.

(a)(1) Vessel masters or agents shall notify the port director on Customs Form 5931 of shortages (merchandise manifested, but not found) or overages (merchandise found, but not manifested) of merchandise.

(2) Shortages shall be reported to the port director by the master or agent of the vessel by endorsement on the importer's claim for shortage on Customs Form 5931 as provided for in § 158.3 of this chapter, or within 60 days after the date of entry of the vessel, whichever is later. Satisfactory evidence to support the claim of nonimportation or of proper disposition or other corrective action (see § 4.34) shall be obtained by the master or agent and shall be retained in the carrier's file for one year.

(3) Overages shall be reported to the port director within 60 days after the date of entry of the vessel by completion of a post entry or suitable explanation of corrective action (see § 4.34) on the Customs Form 5931.

(4) The port director shall immediately advise the master or agent of those discrepancies which are not reported by the master or agent. Notification may be in any appropriate manner, including the furnishing of a copy of Customs Form 5931 to the master or agent. The master or agent shall satisfactorily resolve the matter within 30 days after the date of such notification, or within 60 days after entry of the vessel, whichever is later.

(5)(a) Unless the required notification and explanation is made timely and the port director is satisfied that the discrepancies resulted from clerical error or other mistake and that there has been no loss of revenue (and in the case of a discrepancy not initially reported by the master or agent that there was a valid reason for failing to so report), applicable penalties under section 584, Tariff Act of 1930, as amended (19 U.S.C. 1584), shall be assessed (see § 162.31 of this chapter). For purposes of this section, the term "clerical error" is defined as a non-negligent, inadvertent, or typographical mistake in the preparation, assembly, or submission (electronically or otherwise) of the manifest. However, repeated similar manifest discrepancies by the same

§4.13

19 CFR Ch. I (4-1-06 Edition)

parties may be deemed the result of negligence and not clerical error or other mistake. For the purpose of assessing applicable penalties, the value of the merchandise shall be determined as prescribed in §162.43 of this chapter. The fact that the master or owner had no knowledge of a discrepancy shall not relieve him from the penalty.

(b) Except as provided in paragraph (c) of this section, a correction in the manifest shall not be required in the case of bulk merchandise if the port director is satisfied that the difference between the manifested quantity and the quantity unladen, whether the difference constitutes an overage or a shortage, is an ordinary and usual difference properly attributable to absorption of moisture, temperature, faulty weighing at the port of lading, or other similar reason. A correction in the manifest shall not be required because of discrepancies between marks or numbers on packages of merchandise and the marks or numbers for the same packages as shown on the manifest of the importing vessel when the quantity and description of the merchandise in such packages are correctly given.

(c) Manifest discrepancies (shortages and overages) of petroleum and petroleum products imported in bulk shall be reported on Customs Form 5931, if the discrepancy exceeds one percent.

[T.D. 80-142, 45 FR 36383, May 30, 1980, as amended by T.D. 99-64, 64 FR 43265, Aug. 10, 1999]

§4.13 [Reserved]

§4.14 Equipment purchases by, and repairs to, American vessels.

(a) *General provisions and applicability.* Under section 466, Tariff Act of 1930, as amended (19 U.S.C. 1466), purchases for or repairs made to certain vessels while they are outside the United States, including repairs made while those vessels are on the high seas, are subject to declaration, entry and payment of ad valorem duty. This does not apply to reimbursement paid to members of the regular crew of a vessel for labor expended in making repairs to the vessel. These requirements are effective upon the first arrival of affected vessels in the United States or Puerto Rico. The

vessels subject to these requirements include those documented under U.S. law for the foreign or coastwise trades, as well as those which were previously documented under the laws of some foreign nation or are undocumented at the time that foreign shipyard repairs are performed, but which exhibit an intent to engage in those trades under Customs interpretations. Duty is based on actual foreign cost. This includes the original foreign purchase price of articles which have been imported into the United States and are later sent abroad for use. For the purposes of this section, expenditures made in American Samoa, the Guantanamo Bay Naval Station, Guam, Puerto Rico, or the U.S. Virgin Islands are considered to have been made in the United States, and are not subject to declaration, entry or duty. Under separate provisions of law, the cost of labor performed, and of parts and materials produced and purchased in Israel are not subject to duty under the vessel repair statute. Additionally, expenditures made in Canada or in Mexico are not subject to any vessel repair duties. Even in the absence of any liability for duty, it is still required that all repairs and purchases, including those made in Canada, Mexico, and Israel, be declared and entered.

(b) *Applicability to specific types of vessels—(1) Fishing vessels.* As provided in §4.15, vessels documented under U.S. law with a fishery endorsement are subject to vessel repair duties for covered foreign expenditures. Undocumented American fishing vessels which are repaired, or for which parts, nets or equipment are purchased outside the U.S. are also liable for duty.

(2) *Government-owned or chartered vessels.* Vessels normally subject to the vessel repair statute because of documentation or intended use are not excused from duty liability merely because they are either owned or chartered by the U.S. Government.

(3) *Vessels continuously away for two years or longer.* (i) *Liability for expenditures throughout entire absence from U.S.* Vessels that continuously remain outside the United States for two years or longer are liable for duty on any fish nets and netting purchased at any time
