(iv) Where a record of compensation could not otherwise be corrected under this part and where in the judgment of the three-member Board that heads the Railroad Retirement Board failure to make a correction would be inequitable.

(c) *Limitation on crediting service.* (1) Except as provided in paragraph (b)(1) of this section, no employee may be credited with service months or tier II compensation beyond the four year period referred to in paragraph (a) of this section unless the employee establishes to the satisfaction of the Board that all employment taxes imposed by sections 3201, 3211, and 3221 of title 26 of the Internal Revenue Code have been paid with respect to the compensation and service.

(2) The limitation on the creditability of service months and tier II compensation in paragraph (c)(1) of this section shall not affect the creditability, for purposes of computing the tier I component of a railroad retirement annuity, of compensation payments with respect to which taxes have been paid under either the Railroad Retirement Tax Act or the Federal Insurance Contributions Act.

§212.1 General.

In determining an individual's entitlement and amount of benefits under the Railroad Retirement Act, an individual's military service creditable under the Railroad Retirement Act is used. This part defines military service as used under this Act and sets forth the criteria to determine the creditability of military service.

§212.2 Military service defined.

Military service is the performance of active service by an individual in the armed forces of the United States. An individual is considered to be in active military service when commissioned or enrolled in the land, naval or air forces of the United States until resignation or discharge therefrom. The service of an individual in any reserve component of the land, naval or air forces of the United States, during any period in which ordered to active duty, even though less than thirty days, is also considered active service. However, service in the Army Specialist Corps and the Merchant Marine is not creditable under the Railroad Retirement Act.

§212.3 Crediting of military service.

In determining an individual's entitlement to an annuity and the amount of annuity to be paid under the Railroad Retirement Act, a calendar month or part of a calendar month during which the individual was in the active military service of the United States in a war service period, or period of national emergency, as determined in §212.4 of this part, may be included in the individual's years of service. Military service is credited as though the individual had performed service for a railroad employer as provided for in part 210 of this chapter, provided that the individual is credited with railroad service in the year of or the year before entrance into active military service. Compensation for creditable military service shall be credited as provided for in §211.7 of this chapter.

§212.4 Periods of creditable military service.

In order for military service to be considered to be creditable under the Railroad Retirement Act, it must have been performed during one of the following periods:

- (a) April 21, 1898, through August 13, 1898—Spanish American War;
- (b) February 4, 1899, through April 27, 1902—Philippine Insurrection;
- (c) May 9, 1916, through February 5, 1917—Mexican Border Disturbances;
- (d) April 6, 1917, through November 11, 1918—World War I;
