

Agency for International Development

§ 213.19

credit reporting bureaus, USAID will have:

(1) Taken reasonable action to locate the debtor if a current address is not available; and

(2) If a current address is available, notified the debtor in writing that:

(i) The designated USAID official has reviewed the claim and has determined that it is valid and overdue;

(ii) That 90 days after the initial billing or demand letter if the debt is not paid, USAID intends to refer the debt to FMS and disclose to a credit reporting agency the information authorized for disclosure by this subpart; and

(iii) The debtor can request a complete explanation of the claim, can dispute the information in USAID's records concerning the claim, and can file for an administrative review, waiver or reconsideration of the claim, where applicable.

(c) Before information is submitted to a credit reporting bureau, USAID will provide a written statement to FMS that all required actions have been taken. Additionally, FMS will, thereafter, ensure that accounts are updated as necessary during the period that FMS holds the account information.

(d) If a debtor disputes the validity of the debt, the credit reporting bureau will refer the matter to the appropriate USAID official. The credit reporting bureau will exclude the debt from its reports until USAID certifies in writing that the debt is valid.

§ 213.16 Use and disclosure of mailing addresses.

(a) When attempting to locate a debtor in order to collect or compromise a debt, the CFO may obtain a debtor's current mailing address from the Internal Revenue Service.

(b) Addresses obtained from the Internal Revenue Service will be used by the Agency, its officers, employees, agents or contractors and other Federal agencies only to collect or dispose of debts, and may be disclosed to other agencies and to collection agencies only for collection purposes.

§ 213.17 Liquidation of collateral.

Where the CFO holds a security instrument with a power of sale or has

physical possession of collateral, he may liquidate the security or collateral and apply the proceeds to the overdue debt. USAID will exercise this right where the debtor fails to pay within a reasonable time after demand, unless the cost of disposing of the collateral is disproportionate to its value or special circumstances require judicial foreclosure. However, collection from other businesses, including liquidation of security or collateral, is not a prerequisite to requiring payment by a surety or insurance company unless expressly required by contract or statute. The CFO will give the debtor reasonable notice of the sale and an accounting of any surplus proceeds and will comply with any other requirements of law or contract.

§ 213.18 Suspension or revocation of eligibility for loans and loan guarantees, licenses or privileges.

Unless waived by the CFO, USAID will not extend financial assistance in the form of a loan or loan guarantee to any person delinquent on a nontax debt owed to a Federal agency. USAID may also suspend or revoke licenses or other privileges for any inexcusable, prolonged or repeated failure of a debtor to pay a claim. Additionally, the CFO may suspend or disqualify any contractor, lender, broker, borrower, grantee or other debtor from doing business with USAID or engaging in programs USAID sponsors or funds if a debtor fails to pay its debts to the Government within a reasonable time. Debtors will be notified before such action is taken and applicable suspension or debarment procedures will be used. The CFO will report the failure of any surety to honor its obligations to the Treasury Department for action under 31 CFR 332.18.

§ 213.19 Installment payments.

(a) Whenever feasible, and except as otherwise provided by law, debts owed to the United States, together with interest, penalty and administrative costs, as required by § 213.11, will be collected in a single payment. However, where the CFO determines that a debtor is financially unable to pay the indebtedness in a single payment or

that an alternative payment mechanism is in the best interest of the United States, the CFO may approve repayment of the debt in installments. The debtor has the burden of establishing that it is financially unable to pay the debt in a single payment or that an alternative payment mechanism is warranted. If the CFO agrees to accept payment by installments, the CFO may require a debtor to execute a written agreement which specifies all the terms of the repayment arrangement and which contains a provision accelerating the debt in the event of default. The size and frequency of installment payments will bear a reasonable relation to the size of the debt and the debtor's ability to pay. The installment payments will be sufficient in size and frequency to liquidate the debt in not more than 3 years, unless the CFO determines that a longer period is required. Installment payments of less than \$50 per month generally will not be accepted, but may be accepted where the debtor's financial or other circumstances justify.

(b) If a debtor owes more than one debt and designates how a voluntary installment payment is to be applied among the debts, that designation will be approved if the CFO determines that the designation is in the best interest of the United States. If the debtor does not designate how the payment is to be applied, the CFO will apply the payment to the various debts in accordance with the best interest of the United States, paying special attention to applicable statutes of limitations.

Subpart C—Administrative Offset

§ 213.20 Administrative offset of non-employee debts.

This subpart provides for USAID's collection of debts by administrative offset under the Federal Claims Collection Standards, other statutory authorities and offsets or recoupments under common law. It does not apply to offsets against employee salaries covered by §§ 213.21, 213.22 and 213.23 of this subpart. USAID will collect debts by administrative offsets where it determines that such collections are feasible and are not otherwise prohibited by statute or contract. USAID will de-

cide, on a case-by-case basis, whether collection by administrative offset is feasible and that its use furthers and protects the interest of the United States.

(a) *Standards.* (1) The CFO collects debts by administrative offset only after the debtor has been sent written notice in the form of a Bill for Collection or demand letter outlining the type and amount of the debt, the intention of the agency to use administrative offset to collect the debt, and explaining the debtor's rights under 31 U.S.C. 3716.

(2) Offsets may be initiated only after the debtor has been given:

(i) The opportunity to inspect and copy agency records related to the debt;

(ii) The opportunity for a review within the agency of the determination of indebtedness;

(iii) The opportunity to make a written agreement to repay the debt.

(3) The provisions of paragraphs (a)(1) and (2) of this section may be omitted when:

(i) The offset is in the nature of a recoupment;

(ii) The debt arises under a contract as set forth in *Cecile Industries, Inc. v. Cheney*, 995 F.2d 1052 (Fed. Cir. 1993) (notice and other procedural protections set forth in 31 U.S.C. 3716(a) do not supplant or restrict established procedures for contractual offsets accommodated by the Contracts Disputes Act); or

(iii) In the case of non-centralized administrative offsets conducted under paragraph (g) of this section, USAID first learns of the existence of the amount owed by the debtor when there is insufficient time before payment would be made to the debtor/payee to allow for prior notice and an opportunity for review. When prior notice and an opportunity for review are omitted, USAID shall give the debtor such notice and an opportunity for review as soon as practicable and shall promptly refund any money ultimately found not to have been owed to the USAID.

(4) When USAID previously has given a debtor any of the required notice and review opportunities with respect to a
