

the tenant is low-income, or 30 percent of gross household income, if the tenant is not low-income; or

(B) The tenant is required to relocate temporarily, does not return to the building/complex, and either:

(1) The tenant is not offered payment for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation, or

(2) Other conditions of the temporary relocation are not reasonable; or

(C) The tenant is required to move to another dwelling unit in the same building/complex but is not offered reimbursement for all reasonable out-of-pocket expenses incurred in connection with the move, or other conditions of the move are not reasonable.

(2) Notwithstanding the provisions of paragraph (g)(1) of this section, a person does not qualify as a “displaced person” (and is not eligible for relocation assistance under the URA or this section), if:

(i) The person has been evicted for serious or repeated violation of the terms and conditions of the lease or occupancy agreement, violation of applicable Federal, State or local law, or other good cause, and HUD determines that the eviction was not undertaken for the purpose of evading the obligation to provide relocation assistance;

(ii) The person moved into the property after the submission of the application and, before signing a lease and commencing occupancy, received written notice of the project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated, or suffer a rent increase) and the fact that he or she would not qualify as a “displaced person” (or for assistance under this section) as a result of the project;

(iii) The person is ineligible under 49 CFR 24.2(g)(2); or

(iv) HUD determines that the person was not displaced as a direct result of acquisition, rehabilitation, or demolition for the project.

(3) The owner may ask HUD, at any time, to determine whether a displacement is or would be covered by this section.

(h) *Definition of initiation of negotiations.* For purposes of determining the formula for computing the replacement

housing assistance to be provided to a residential tenant displaced as a direct result of privately undertaken rehabilitation, demolition, or acquisition of the real property, the term “initiation of negotiations” means the owner’s execution of the Housing Assistance Payments Contract.

Subpart A—Fair Market Rents

§ 888.111 Fair market rents for existing housing: Applicability.

(a) The fair market rents (FMRs) for existing housing are determined by HUD and are used in the Section 8 Housing Choice Voucher Program (“voucher program”) (part 982 of this title), Section 8 project-based assistance programs and other programs requiring their use. In the voucher program, the FMRs are used to determine payment standard schedules. In the Section 8 project-based assistance programs, the FMRs are used to determine the maximum initial rent (at the beginning of the term of a housing assistance payments contract).

(b) Fair market rent means the rent, including the cost of utilities (except telephone), as established by HUD, pursuant to this subpart, for units of varying sizes (by number of bedrooms), that must be paid in the market area to rent privately owned, existing, decent, safe and sanitary rental housing of modest (non-luxury) nature with suitable amenities.

[64 FR 56911, Oct. 21, 1999]

24 CFR Ch. VIII (4–1–06 Edition)

§ 888.113 Fair market rents for existing housing: Methodology.

(a) *Basis for setting fair market rents.* Fair Market Rents (FMRs) are estimates of rent plus the cost of utilities, except telephone. FMRs are housing market-wide estimates of rents that provide opportunities to rent standard quality housing throughout the geographic area in which rental housing units are in competition. The level at which FMRs are set is expressed as a percentile point within the rent distribution of standard quality rental housing units in the FMR area. FMRs are set at either the 40th or 50th percentile rent—the dollar amount below which the rent for 40 or 50 percent of standard quality rental housing units falls. The 40th or 50th percentile rent is drawn from the distribution of rents of all units that are occupied by recent movers. Adjustments are made to exclude public housing units, newly built units and substandard units.

(b) *Setting FMRs at the 40th or 50th percentile rent.* Generally HUD will set the FMRs at the 40th percentile rent. HUD will set FMRs at the 50th percentile only in accordance with paragraph (c) of this section.

(c) *Setting FMRs at the 50th percentile rent to provide a broad range of housing opportunities throughout a metropolitan area.* (1) HUD will set the FMRs at the 50th percentile rent for all unit sizes in each metropolitan FMR area that meets all of the following criteria at the time of annual publication of the FMRs:

(i) The FMR area contains at least 100 census tracts;

(ii) 70 percent or fewer of the census tracts with at least 10 two bedroom rental units are census tracts in which at least 30 percent of the two bedroom rental units have gross rents at or below the two bedroom FMR set at the 40th percentile rent; and

(iii) 25 percent or more of the tenant-based rental program participants in the FMR area reside in the 5 percent of the census tracts within the FMR area that have the largest number of program participants.

(2) If the FMRs are set at the 50th percentile rent in accordance with paragraph (c)(1) of this section, HUD
