

(b) Field installations will provide NASA Headquarters with:

(1) Selected prints and original or duplicate negatives of news-oriented photographs generated within their respective areas.

(2) Selected color motion picture footage (prints) which, in the opinion of the installation, would be appropriate for use as features in programs.

(3) Audio and/or video tapes of significant news developments and other events of historical or public information interest.

(4) For DoD classified operations, all audiovisual material of or related to the classified operation will be reviewed and deemed releasable by the designated DoD officer.

§ 1213.107 International news releases.

(a) All releases of information involving NASA activities or views affecting another country or an international organization require prior coordination with the International Relations Division, Office of External Relations, through the Public Affairs Officer assigned to that division.

(b) NASA field installations and Headquarters offices will report all visits proposed by representatives of foreign news media to the Public Affairs Officer for the International Relations Division, NASA Headquarters.

(c) Safeguards intended to control access to classified information, materials, or facilities and provisions to protect the NSTS as a national resource will not be diminished in providing assistance to foreign or U.S. news representatives.

§ 1213.108 Security.

It is the responsibility of each Public Affairs Officer to implement the STS Security Classification Guide for each DoD classified operation on the NSTS. Guidance for this implementation will be provided in the joint NASA and USAF Public Affairs plan for each mission. In addition, each NASA installation involved in the NSTS will have information concerning the protection of the NSTS as a national resource. This category of information, including NSTS survivability/vulnerability data, may be classified. Therefore, all questions regarding security classification

will be resolved by the appropriate security classification officer at any NASA installation or by the designated DoD security officer for DoD classified information.
