

## § 323.14

### § 323.14 Temporary suspension authority for involuntary interruption of service.

(a) Any air carrier may temporarily suspend service without filing a notice under § 323.3 for any interruption of service that the carrier cannot reasonably be expected to foresee or control, such as rules, standards, or other action, or inaction, of the Administrator of the Federal Aviation Administration or of a foreign government, emergency measures, strikes, weather conditions, construction work on airports, or disasters. However, the provisions of this paragraph shall apply to interruptions due to airport inadequacies only if the carrier is unable to serve the place through any airport convenient to the place with the type of equipment last regularly used to serve the place.

(b) In the case of an interruption of service caused by a strike, the carrier shall give immediate notice of the interruption to DOT. Suspension authority under this section due to a strike shall expire 90 days after employees return to work.

(c) If service to a place is interrupted for more than 3 consecutive days for reasons beyond the carrier's control other than a strike, the holder shall give notice to DOT within 3 days following the date of first interruption, setting forth the date of first interruption and a full statement of the reasons for the interruption.

(d) The notice required by paragraph (b) or (c) of this section shall be marked for the attention of the Director, Office of Aviation Analysis.

### § 323.15 Report to be filed after strikes.

(a) Within 15 days following resumption of service after a strike, an air carrier shall file a report with DOT containing a list of all flights that were canceled, the date they were canceled, and the date service was resumed.

(b) The report shall be marked for the attention of the Director, Office of Aviation Analysis.

[Docket No. 82, 50 FR 2430, Jan. 16, 1985, as amended by Doc. No. OST-96-1269, 61 FR 19166, May 1, 1996]

### § 323.16 Listings in schedule publications.

Each air carrier filing a notice under § 323.3 (a)(2), (a)(4), (a)(5), or (c) shall continue to list the affected flights in all generally-distributed schedule publications in which the flight was listed before the notice. The listings shall continue until DOT permits the flights to be discontinued. The listings may include a notice stating that the flights are "to be discontinued as of (date) subject to government approval."

### § 323.17 Delays in discontinuing service.

If transportation that is the subject of a notice under this part is not discontinued within 90 days of the intended date stated in the notice, a new notice must be filed before the service may be discontinued. However, if DOT requires the carrier to provide service beyond the stated date, the carrier need not file a new notice if it discontinues the service within 90 days after DOT permits it to do so.

### § 323.18 Carriers' obligations when terminating, suspending, or reducing air service.

Any air carrier that terminates, suspends, or reduces air service, whether or not subject to the notice requirements of this part, shall make reasonable efforts to contact all passengers holding reservations on the affected flights to inform them of the flights' cancellation.

### § 323.19 Withdrawal notice by exemption carriers in certain limited-entry markets.

As a condition on the exemption, an air carrier operating under exemption authority in an international market which is the subject of a carrier selection proceeding shall file a notice with the Department at least ninety days

before it terminates service in that market. Once such a notice has been filed, the carrier may not terminate service in that market during the notice period unless the air carrier chosen in the selection proceeding enters the market and the Department grants the operating carrier permission to do so. The Department may allow earlier termination for good cause when in the public interest.

### § 325.1 Purpose.

The purpose of this part is to establish procedures to be followed in designating eligible points and in determining essential air transportation levels for eligible points, and in the appeals and periodic reviews of these determinations, under section 419 of the Act.

### § 325.2 Applicability.

This part applies to essential air service determinations for communities designated as eligible under section 419(a) of the Act and to eligible point designations and essential air service determinations for communities that qualify under section 419(b) of the Act. It applies to the gathering of data by the Department, and to the participation of State, local, and other officials and other interested persons

in the designation and determination processes.

NOTE: Criteria for designating eligible points under section 419(b) are contained in part 270 of this chapter. Guidelines for deciding essential air service levels are contained in part 398 of this chapter.

### § 325.3 Definitions.

As used in this part, *eligible point* means:

(a) Any point in the United States, the District of Columbia, and the several territories and possessions of the United States to which any direct air carrier was authorized, under a certificate issued by CAB under section 401 of the Act, to provide air service on October 24, 1978, whether or not such service was actually provided;

The questionnaire will be addressed to:

(1) The chief executive of the principal city, or other unit of local government at the affected point, that is named or has been previously named in a qualifying section 401 certificate. For points in Alaska or Hawaii that are named DOT as eligible points without having been listed on a section 401 certificate, the principal city is the most populous municipality at the point;

(2) The individual or entity with direct supervision over and responsibility for the airport at the eligible point; and

(3) The State agency with jurisdiction over air transportation in the State containing the eligible point. If there is no such State agency, the
