PART 1150—MARKING OF TOY, LOOK-ALIKE AND IMITATION FIREARMS

Sec.

- 1150.1 Applicability.
- 1150.2 Prohibitions.
- 1150.3 Approved markings.
- 1150.4 Waiver.
- 1150.5 Preemption.

AUTHORITY: Section 4 of the Federal Energy Management Improvement Act of 1988, 15 U.S.C. 5001.

SOURCE: 54 FR 19358, May 5, 1989, unless otherwise noted.

§ 1150.1 Applicability.

This part applies to toy, look-alike, and imitation firearms (“devices”) having the appearance, shape, and/or configuration of a firearm and produced or manufactured and entered into commerce on or after May 5, 1989, including devices modelled on real firearms manufactured, designed, and produced since 1898. This part does not apply to:

(a) Non-firing collector replica antique firearms, which look authentic and may be a scale model but are not intended as toys modelled on real firearms designed, manufactured, and produced prior to 1898;

(b) Traditional B-B, paint-ball, or pellet-firing air guns that expel a projectile through the force of compressed air, compressed gas or mechanical spring action, or any combination thereof, as described in American Society for Testing and Materials standard F 589-85, Standard Consumer Safety Specification for Non-Powder Guns, June 28, 1985. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be obtained from the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103. Copies may be inspected at the office of the Associate Director for Industry and Standards, National Institute for Standards and Technology, Gaithersburg, Maryland, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/

code of federal regulations/ibr_locations.html; and

(c) Decorative, ornamental, and miniature objects having the appearance, shape and/or configuration of a firearm, including those intended to be displayed on a desk or worn on bracelets, necklaces, key chains, and so on, provided that the objects measure no more than thirty-eight (38) millimeters in height by seventy (70) millimeters in length, the length measurement excluding any gun stock length measurement.

[57 FR 48453, Oct. 26, 1992, as amended at 69 FR 18803, Apr. 9, 2004]

§ 1150.2 Prohibitions.

No person shall manufacture, enter into commerce, ship, transport, or receive any toy, look-alike, or imitation firearm (“device”) covered by this part as set forth in § 1150.1 of this part unless such device contains, or has affixed to it, one of the markings set forth in § 1150.3 of this part, or unless this prohibition has been waived by § 1150.4 of this part.

[54 FR 19358, May 5, 1989]

§ 1150.3 Approved markings.

The following markings are approved by the Secretary of Commerce:

(a) A blaze orange (Federal Standard 595a, February, 1987, color number 12199, issued by the General Services Administration) or orange color brighter than that specified by the federal standard color number, solid plug permanently affixed to the muzzle end of the barrel as an integral part of the entire device and recessed no more than 6 millimeters from the muzzle end of the barrel. This incorporation by reference was approved by the Director of the Federal Register in accordance with U.S.C. 552(a) and 1 CFR part 51. Copies of Federal Standard 595a may be obtained from the Office of Engineering and Technical Management, Chemical Technology Division, Paints Branch, General Services Administration, Washington, DC 20406. Copies may be inspected at the office of the Associate Director for Industry and Standards, National Institute for Standards and Technology, Gaithersburg, Maryland, or at the National Archives and
