Subpart A—General

§ 2301.1 Program purposes.

Pursuant to section 390 of the Act, (The Communications Act of 1934, as amended), the purpose of the Public Telecommunications Facilities Program (PTFP) is to assist, through matching grants, in the planning and construction of public telecommunications facilities in order to achieve the following objectives:

(a) Extend delivery of public telecommunications services to as many citizens in the United States as possible by the most efficient and economical means, including the use of broadcast and nonbroadcast technologies;

(b) Increase public telecommunications services and facilities available to, operated by, and owned by minorities and women; and

(c) Strengthen the capability of existing public television and radio stations to provide public telecommunications services to the public.

§ 2301.2 Definitions.

Act means Part IV of Title III of the Communications Act of 1934, 47 U.S.C. 390-393 and 397-399b, as amended.

Administrator means the Assistant Secretary for Communications and Information of the United States Department of Commerce who is also Administrator of the National Telecommunications and Information Administration.

Agency means the National Telecommunications and Information Administration of the United States Department of Commerce.

Broadcast means the distribution of electronic signals to the public at large using television (VHF or UHF) or radio (AM or FM) technologies.

Closing date means the date and time which the Administrator sets as the deadline for the receipt of applications during a grant cycle.

Construction (as applied to public telecommunications facilities) means acquisition (including acquisition by lease), installation, and improvement of public telecommunications facilities and preparatory steps incidental to any such acquisition, installation or improvement.
