

**§ 470.311 Final project approval.**

(a) The Office of Personnel Management will consider all timely relevant oral and written views, arguments, and data before final approval or disapproval of a project plan. OPM may request that the agency modify the tentatively approved project plan before final approval because of comments and data received from the Congress, the public, labor organizations, and affected employees. OPM will not permit the agency to implement the project until all required consultation or negotiation has been completed, including the conclusion of impasse resolution and negotiability disputes.

(b) The Office of Personnel Management shall provide a copy of the final version of the project plan to each House of the Congress at least 90 days in advance of the date the project is to take effect.

(c) Agencies involved in the project shall communicate the content of the final project plan to:

(1) Labor organizations and affected employees; and

(2) Individuals and groups known to be interested in the project's activities.

**§ 470.313 Project implementation regulations.**

Agencies will prepare demonstration project implementing regulations, as appropriate, to replace Government-wide statutes and regulations waived for the project. Demonstration project implementing regulations issued pursuant to an OPM-approved demonstration project must be approved by OPM and shall have full force and authority pursuant to Title VI of the Civil Service Reform Act of 1978.

**§ 470.315 Project modification and extension.**

OPM-approved projects permit the testing of alternative personnel systems and procedures in accordance with the provisions of the project plan. The provisions of approved project plans will not be modified, duplicated in organizations not listed in the project plan, or extended by agencies to individuals or groups of employees not included in the project plan without the approval of the Office of Personnel Management. OPM will inform

the agency of notification responsibilities under § 470.307. The extent of notification requirements will depend on the nature and extent of the requested project modification.

**§ 470.317 Project evaluation.**

(a) *Compliance evaluation.* OPM will review the operation of the project periodically to determine its compliance with the requirements of this part and the approved project plan. If OPM determines that an agency is not meeting legal, regulatory, or project plan requirements, it may, as appropriate, direct the agency to take corrective action or terminate the project.

(b) *Results evaluation.* All approved project plans will contain an evaluation section to measure the impact of the project results in relation to its objectives and to determine whether or not permanent changes in law and/or regulation should be considered or proposed. Where the project plan provides for agency evaluation of project results, OPM will review those project evaluation efforts, may conduct evaluations of its own, on a sample basis, to verify results, and may report its own conclusions. If OPM or the agency determines that an experiment is creating a substantial hardship on, or is not in the best interest of, the public, the Federal Government, employees, or eligibles, even though the experiment is being conducted properly, OPM or the agency may jointly or unilaterally terminate the project.
