

(k) NRCS may place a higher priority on the national ranking criteria listed in §1491.6(a)(1) than State criteria, if the NRCS Chief deems appropriate.

Subpart B—Cooperative Agreements and Conservation Easement Deeds

§ 1491.20 Cooperative agreements.

(a) NRCS, on behalf of CCC, enters into a cooperative agreement with those entities selected for funding awards. Once a proposal is selected by the State Conservationist, the entity must work with the appropriate State Conservationist to finalize and sign the cooperative agreement incorporating all necessary FRPP requirements. The cooperative agreement addresses:

- (1) The interests in land to be acquired, including the form of the easements to be used and terms and conditions;
- (2) The management and enforcement of the rights acquired;
- (3) The role of NRCS;
- (4) The responsibilities of the easement manager on lands acquired with the assistance of FRPP; and
- (5) Other requirements deemed necessary by NRCS to protect the interests of the United States.

(b) The cooperative agreement will also include an attachment listing the parcels accepted by the State Conservationist, landowners' names, addresses, location map(s), and other relevant information. An example of a cooperative agreement may be obtained from the State Conservationist.

§ 1491.21 Funding.

(a) The State Conservationist, in coordination with the cooperating entity, shall determine the NRCS share of the cost of purchasing a conservation easement.

(b) Under the FRPP, NRCS may provide up to 50 percent of the appraised fair market value of the conservation easement. Entities are required to supplement the NRCS share of the cost of the conservation easement.

(c) Landowner donations up to 25 percent of the appraised fair market value of the conservation easement may be considered part of the entity's matching offer.

(d) For the entity, two cost-share options are available when providing its matching offer.

(1) The entity may provide in cash at least 25 percent of the appraised fair market value of the conservation easement, or

(2) The entity may provide at least 50 percent of the purchase price in cash, of the conservation easement. This second option may be preferable to an entity in the case of a large bargain sale by the landowner. If this option is selected, the NRCS share cannot exceed the entity's contribution.

(e) FRPP funds may not be used for expenditures such as appraisals, surveys, title insurance, legal fees, costs of easement monitoring, and other related administrative and transaction costs incurred by the entity.

(f) If the State Conservationist determines that the purchase of two or more conservation easements are comparable in achieving FRPP goals, the State Conservationist shall not assign a higher priority to any one of these conservation easements based on lesser cost to FRPP.

§ 1491.22 Conservation easement deeds.

(a) Under FRPP, a landowner grants an easement to an eligible entity with which NRCS has entered into an FRPP cooperative agreement. The easement shall require that the easement area be maintained in accordance with FRPP goals and objectives for the term of the easement.

(b) Pending offers by an eligible entity must be for acquiring an easement in perpetuity, except where State law prohibits a permanent easement.

(c) The conveyance document or conservation easement deed used by the eligible entity may be reviewed and approved by the NRCS National Office and Office of the General Counsel (OGC) before being recorded.

(d) Since title to the easement is held by an entity other than the United States, the conveyance document must contain a "contingent right" clause that provides that all rights conveyed by the landowner under the document will become vested in the United States should the eligible entity (*i.e.*, the grantee[s]) abandon or attempt to

terminate the conservation easement. In addition, the contingent right also provides, in part, that the Secretary takes title to the easement, if the eligible entity fails to uphold the easement or attempts to transfer the easement without first securing the consent of the Secretary.

(e) As a condition for participation, a conservation plan will be developed by NRCS in consultation with the landowner and implemented according to the NRCS Field Office Technical Guide and approved by the local conservation district. The conservation plan will be developed and managed in accordance with the Food Security Act of 1985, as amended, 7 CFR part 12 or subsequent regulations, and other requirements as determined by the State Conservationist. To ensure compliance with this conservation plan, the easement will grant to the United States, through NRCS, its successors or assigns, a right of access to the easement area.

(f) The cooperating entity shall acquire, hold, manage and enforce the easement. The cooperating entity may have the option to enter into an agreement with governmental or private organizations to carry out easement stewardship responsibilities if approved by NRCS.

(g) Prior to fund disbursement, NRCS must sign the conservation easement, concurring with the terms of the conservation easement and accepting its interest in the conservation easement deed.

(h) All conservation easement deeds acquired with FRPP funds must be recorded. Proof of recordation shall be provided to NRCS by the cooperating entity.

§ 1491.23 Easement modifications.

(a) After an easement has been recorded, no amendments to the easement will be made without prior approval by NRCS State Conservationist and the USDA Office of General Counsel.

(b) Easement modifications will be approved only when easement is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation, and when the amendment is

consistent with the purposes of the conservation easement.

Subpart C—General Administration

§ 1491.30 Violations and remedies.

(a) In the event of a violation of the terms of the easement, the cooperating entity shall notify the landowner. The landowner may be given reasonable notice and, where appropriate, an opportunity to voluntarily correct the violation in accordance with the terms of the conservation easement.

(b) In the event that the cooperating entity fails to enforce any of the terms of the easement as determined in the sole discretion of the Secretary, the Secretary and his or her successors and assigns shall have the right to enforce the terms of the easement through any and all authorities available under Federal or State law. In the event that the cooperating entity attempts to terminate, transfer, or otherwise divest itself of any rights, title, or interests of the easement or extinguish the easement or without the prior consent of the Secretary and payment of consideration to the United States, then, at the option of the Secretary, all right, title, and interest in the conservation easement shall become vested in the United States of America.

(c) Notwithstanding paragraph (a) of this section, NRCS, upon notification to the landowner, reserves the right to enter upon the easement area at any time to monitor conservation plan implementation or remedy deficiencies or easement violations, as it relates to the conservation plan. The entry may be made at the discretion of NRCS when the actions are deemed necessary to protect highly erodible soils and wetland resources. The landowner will be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with the easement requirements as it relates to conservation plan violations.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action as it relates to the enforcement of the FRPP easement.
