

**PART 1919—GEAR CERTIFICATION****Subpart A—General Provisions**

Sec.

- 1919.1 Purpose and scope.  
1919.2 Definition of terms.

**Subpart B—Procedure Governing Accreditation**

- 1919.3 Application for accreditation.  
1919.4 Action upon application.  
1919.5 Duration and renewal of accreditation.  
1919.6 Criteria governing accreditation to certificate vessels' cargo gear.  
1919.7 Voluntary amendment or termination of accreditation.  
1919.8 Suspension or revocation of accreditation.  
1919.9 Reconsideration and review.

**Subpart C—Duties of Persons Accredited To Certificate Vessels' Cargo Gear**

- 1919.10 General duties; exemptions.  
1919.11 Recordkeeping and related procedures concerning records in custody of accredited persons.  
1919.12 Recordkeeping and related procedures concerning records in custody of the vessel.

**Subpart D—Certification of Vessels' Cargo Gear**

- 1919.13 General.  
1919.14 Initial tests of cargo gear and tests after alterations, renewals or repairs.  
1919.15 Periodic tests, examinations and inspections.  
1919.16 Heat treatment.  
1919.17 Exemptions from heat treatment.  
1919.18 Grace periods.  
1919.19 Gear requiring welding.  
1919.20 Damaged components.  
1919.21 Marking and posting of safe working loads.  
1919.22 Requirements governing braking devices and power sources.  
1919.23 Means of derrick attachment.  
1919.24 Limitations on use of wire rope.  
1919.25 Limitations on use of chains.

**Subpart E—Certification of Vessels: Tests and Proof Loads; Heat Treatment; Competent Persons**

- 1919.26 Visual inspection before tests.  
1919.27 Unit proof tests—winches, derricks and gear accessory thereto.  
1919.28 Unit proof tests—cranes and gear accessory thereto.  
1919.29 Limitations on safe working loads and proof loads.

- 1919.30 Examinations subsequent to unit tests.  
1919.31 Proof tests—loose gear.  
1919.32 Specially designed blocks and components.  
1919.33 Proof tests—wire rope.  
1919.34 Proof tests after repairs or alterations.  
1919.35 Order of tests.  
1919.36 Heat treatment.  
1919.37 Competent persons.

**Subpart F—Accreditation To Certificate Shore-Based Equipment**

- 1919.50 Eligibility for accreditation to certificate shore-based material handling devices covered by §1917.50 of this chapter, safety and health regulations for marine terminals.  
1919.51 Provisions respecting application for accreditation, action upon the application, and related matters.

**Subpart G—Duties of Persons Accredited To Certificate Shore-Based Material Handling Devices**

- 1919.60 General duties, exemptions.

**Subpart H—Certification of Shore-Based Material Handling Devices**

- 1919.70 General provisions.  
1919.71 Unit proof test and examination of cranes.  
1919.72 Annual examination of cranes.  
1919.73 Unit proof test and examination of derricks.  
1919.74 Annual examination of derricks.  
1919.75 Determination of crane or derrick safe working loads and limitations in absence of manufacturer's data.  
1919.76 Safe working load reduction.  
1919.77 Safe working load increase.  
1919.78 Nondestructive examinations.  
1919.79 Wire rope.  
1919.80 Heat treatment.  
1919.81 Examination of bulk cargo loading or discharging spouts or suckers.  
1919.90 Documentation.

SUBJECT INDEX FOR 29 CFR 1919—GEAR CERTIFICATION

AUTHORITY: Sec. 41, Longshore and Harbor Workers' Compensation Act (33 U.S.C. 941); Secs. 4, 6, 8, Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657); Secretary of Labor's Order No. 12-71 (36 FR 8754), 8-76 (41 FR 25059), 9-83 (48 FR 35736) or 1-90 (55 FR 9033), as applicable; 29 CFR part 1911.

SOURCE: 39 FR 22096, June 19, 1974, unless otherwise noted.

**Subpart A—General Provisions****§ 1919.1 Purpose and scope.**

(a) The regulations in this Part implement §§ 1915.115, 1917.50 and 1918.11 of this chapter. They provide procedures and standards governing accreditation of persons by the Occupational Safety and Health Administration, U.S. Department of Labor, for the purpose of certificating vessels' cargo gear and shore-based material handling devices, and the manner in which such certification shall be performed.

(b) Accreditation is not required, and the regulations of this part are not applicable, under the following circumstances:

(1) When cargo gear certification is performed for vessels inspected and certificated under the authority of the U.S. Coast Guard,<sup>1</sup> or for foreign vessels certificated under the requirements of a foreign nation or by persons acceptable for certification purposes by a foreign nation.

(2) When cargo gear certification is performed for shore-based material handling devices under standards established and enforced by the States wherein the devices are located, or by political subdivisions delegated this responsibility by the States, provided such standards meet the requirements of § 1917.50(b)(2) of this chapter.

(c) Persons not required to be accredited for gear certification purposes, as set forth in paragraph (b) of this section, may, nevertheless, apply for and receive accreditation by the Administration. The appropriate subparts of this part shall apply to persons accredited pursuant to this paragraph except insofar as exemptions may be granted.

[39 FR 22096, June 19, 1974, as amended at 65 FR 40951, June 30, 2000]

<sup>1</sup>Jurisdiction of the U.S. Coast Guard extends to matters within the scope of title 52 of the Revised Statutes and Acts supplementary or amendatory thereto (46 U.S.C. 1-1388, *passim*); to matters within the regulatory authority of the U.S. Coast Guard under the provisions of the Espionage Act of June 15, 1917, as amended (40 Stat. 220; 50 U.S.C. 191 et seq.; 22 U.S.C. 401 et seq.) or to matters within the regulatory authority of the U.S. Coast Guard under section 4(e) of the Outer Continental Shelf Lands Act of Aug. 7, 1953 (67 Stat. 462; 43 U.S.C. 1333).

**§ 1919.2 Definition of terms.**

(a) *Vessel* means every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water, including special-purpose floating structures not primarily designed for or used as a means of transportation on water.

(b) Except as otherwise noted, *cargo gear*, as used in subparts B through E of this part, includes that gear forming a part of a vessel's equipment which is used for the handling of cargo other than bulk liquids, but does not include gear which is used only for handling or holding hoses, handling ships' stores, or handling the gangway, or boom conveyor belt.

(c) With reference to equipment covered by this part—

(1) *Derrick* means:

(i) When applied to vessels' cargo handling gear, a mechanical device for lifting, including a boom which is suspended at its head by a topping lift from a mast, king post, or similar structure, controlled in the horizontal plane by vangs, and used either singly or in pairs with married falls;

(ii) When applied to shore-based material handling devices, a mechanical device intended for lifting, with or without a boom supported at its head by a topping lift from a mast, fixed A frame, or similar structure. The mast or equivalent member may or may not be supported by guys or braces. The boom, where fitted, may or may not be controlled in the horizontal plane by guys (vangs). The term includes shear legs.

(2) *Crane* means a mechanical device, intended for lifting or lowering a load and moving it horizontally, in which the hoisting mechanism is an integral part of the machine. A crane may be a fixed or mobile machine.

(3) *Bulk cargo spout* means a spout which may or may not be telescopic and may or may not have removable sections, but is suspended over the vessel from some overhead structure by wire rope or other means. Such a spout is often used with a "thrower" or "trimming machine". A grain loading spout is an example of those covered by this definition.
