

## § 1952.116

general industry and construction standards (29 CFR Parts 1910 and 1926) appropriate to hazards found in these employments. Federal jurisdiction is retained and exercised by the Employment Standards Administration, U.S. Department of Labor, (Secretary's Order 5-96, dated December 27, 1996) with respect to the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, in agriculture, as described in §1952.114(b). Federal jurisdiction is also retained with regard to: all employment on the Hill Air Force Base; all employment at the U.S. Department of Energy's Naval Petroleum and Oil Shale Reserve, to the extent that it remains a U.S. DOE facility; Federal government employers and employees; and the U.S. Postal Service (USPS), including USPS employees, and contract employees and contractor-operated facilities engaged in USPS mail operations. Where enforcement jurisdiction is shared between Federal and State authorities for a particular area, project, or facility, in the interest of administrative practicability, Federal jurisdiction may be assumed over the entire project or facility. In either of the two aforementioned circumstances, Federal enforcement may be exercised immediately upon agreement between Federal and State OSHA.

(c) Federal authority under provisions of the Act not listed in section 18(e) is unaffected by final approval of the plan. Thus, for example, the Assistant Secretary retains his authority under section 11(c) of the Act with regard to complaints alleging discrimination against employees because of the exercise of any right afforded to the employee by the Act, although such complaints may be referred to the State for investigation. The Assistant Secretary also retains his authority under section 6 of the Act to promulgate, modify or revoke occupational safety and health standards which address the working conditions of all employees, including those in States which have received an affirmative 18(e) determination, although such standards may not be Federally applied. In the event that the State's 18(e) status is subsequently withdrawn

and Federal authority reinstated, all Federal standards, including any standards promulgated or modified during the 18(e) period, would be Federally enforceable in that State.

(d) As required by section 18(f) of the Act, OSHA will continue to monitor the operations of the Utah State program to assure that the provisions of the State plan are substantially complied with and that the program remains at least as effective as the Federal program. Failure by the State to comply with its obligations may result in the revocation of the final determination under section 18(e), resumption of Federal enforcement and/or proceedings for withdrawal of plan approval.

### § 1952.117 Changes to approved plans.

In accordance with part 1953 of this chapter, the following Utah plan changes were approved by the Assistant Secretary:

(a) *Legislation.* (1) The State submitted an amendment to the Utah Administrative Rulemaking Act (chapter 46a, title 63, Utah Code Annotated 1953), which became effective on April 29, 1985, which provides for rulemaking procedures similar to those of Federal
