

#### §4.168

not in excess of 40 percent of the minimum wage applicable under section 6 of that Act, effective January 1, 1980. Thus, the tip credit taken by an employer subject to the Service Contract Act may not exceed \$1.34 per hour after December 31, 1980. (See §4.163(k) for exceptions in section 4(c) situations.) In no event shall the sum credited be in excess of the value of tips actually received by the employee.

#### §4.168 Wage payments—deductions from wages paid.

(a) The wage requirements of the Act will not be met where unauthorized deductions, rebates, or refunds reduce the wage payment made to the employee below the minimum amounts required under the provisions of the Act and the regulations thereunder, or where the employee fails to receive such amounts free and clear because he “kicks back” directly or indirectly to the employer or to another person for the employer’s benefit the whole or part of the wage delivered to him. Authorized deductions are limited to those required by law, such as taxes payable by employees required to be withheld by the employer and amounts due employees which the employer is required by court order to pay to another; deductions allowable for the reasonable cost or fair value of board, lodging, and facilities furnished as set forth in §4.167; and deductions of amounts which are authorized to be paid to third persons for the employee’s account and benefit pursuant to his voluntary assignment or order or a collective bargaining agreement with bona fide representatives of employees which is applicable to the employer. Deductions for amounts paid to third persons on the employee’s account which are not so authorized or are contrary to law or from which the contractor, subcontractor or any affiliated person derives any payment, rebate, commission, profit, or benefit directly or indirectly, may not be made if they cut into the wage required to be paid under the Act. The principles applied in determining the permissibility of deductions for payments made to third persons are ex-

#### 29 CFR Subtitle A (7-1-06 Edition)

plained in more detail in §§531.38-531.40 of this title.

(b) *Cost of maintaining and furnishing uniforms.* (1) If the employees are required to wear uniforms either by the employer, the nature of the job, or the Government contract, then the cost of furnishing and maintaining the uniforms is deemed to be a business expense of the employer and such cost may not be borne by the employees to the extent that to do so would reduce the employees’ compensation below that required by the Act. Since it may be administratively difficult and burdensome for employers to determine the actual cost incurred by all employees for maintaining their own uniforms, payment in accordance with the following standards is considered sufficient for the contractor to satisfy its wage obligations under the Act:

(i) The contractor furnishes all employees with an adequate number of uniforms without cost to the employees or reimburses employees for the actual cost of the uniforms.

(ii) Where uniform cleaning and maintenance is made the responsibility of the employee, the contractor reimburses all employees for such cleaning and maintenance at the rate of \$3.35 a week (or 67 cents a day). Since employees are generally required to wear a clean uniform each day regardless of the number of hours the employee may work that day, the preceding weekly amount generally may be reduced to the stated daily equivalent but not to an hourly equivalent. A contractor may reimburse employees at a different rate if the contractor furnishes affirmative proof as to the actual cost to the employees of maintaining their uniforms or if a different rate is provided for in a bona fide collective bargaining agreement covering the employees working on the contract.

(2) However, there generally is no requirement that employees be reimbursed for uniform maintenance costs in those instances where the uniforms furnished are made of “wash and wear” materials which may be routinely washed and dried with other personal garments, and do not generally require daily washing, dry cleaning, commercial laundering, or any other special treatment because of heavy soiling in

work usage or in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work. This limitation does not apply where a different provision has been set forth on the applicable wage determination. In the case of wage determinations issued under section 4(c) of the Act for successor contracts, the amount established by the parties to the predecessor collective bargaining agreement is deemed to be the cost of laundering wash and wear uniforms.

(c) Stipends, allowances or other payments made directly to an employee by a party other than the employer (such as a stipend for training paid by the Veterans Administration) are not part of “wages” and the employer may not claim credit for such payments toward its monetary obligations under the Act.

**§4.169 Wage payments—work subject to different rates.**

If an employee during a workweek works in different capacities in the performance of the contract and two or more rates of compensation under section 2 of the Act are applicable to the classes of work which he or she performs, the employee must be paid the highest of such rates for all hours worked in the workweek unless it appears from the employer’s records or other affirmative proof which of such hours were included in the periods spent in each class of work. The rule is the same where such an employee is employed for a portion of the workweek in work not subject to the Act, for which compensation at a lower rate would be proper if the employer by his records or other affirmative proof, segregated the worktime thus spent.

**§4.170 Furnishing fringe benefits or equivalents.**

(a) *General.* Fringe benefits required under the Act shall be furnished, separate from and in addition to the specified monetary wages, by the contractor or subcontractor to the employees engaged in performance of the contract, as specified in the determination of the Secretary or his authorized representative and prescribed in the contract doc-

uments. Section 2(a)(2) of the Act provides that the obligation to furnish the specified benefits “may be discharged by furnishing any equivalent combinations of fringe benefits or by making equivalent or differential payments in cash under rules and regulations established by the Secretary.” The governing rules and regulations for furnishing such equivalents are set forth in §4.177 of this subpart. An employer cannot offset an amount of monetary wages paid in excess of the wages required under the determination in order to satisfy his fringe benefit obligations under the Act, and must keep appropriate records separately showing amounts paid for wages and amounts paid for fringe benefits.

(b) *Meeting the requirement, in general.* The various fringe benefits listed in the Act and in §4.162(a) are illustrative of those which may be found to be prevailing for service employees in a particular locality. The benefits which an employer will be required to furnish employees performing on a particular contract will be specified in the contract documents. A contractor may dispose of certain of the fringe benefit obligations which may be required by an applicable fringe benefit determination, such as pension, retirement, or health insurance, by irrevocably paying the specified contributions for fringe benefits to an independent trustee or other third person pursuant to an existing “bona fide” fund, plan, or program on behalf of employees engaged in work subject to the Act’s provisions. Where such a plan or fund does not exist, a contractor must discharge his obligation relating to fringe benefits by furnishing either an equivalent combination of “bona fide” fringe benefits or by making equivalent payments in cash to the employee, in accordance with the regulations in §4.177.

**§4.171 “Bona fide” fringe benefits.**

(a) To be considered a “bona fide” fringe benefit for purposes of the Act, a fringe benefit plan, fund, or program must constitute a legally enforceable obligation which meets the following criteria:

(1) The provisions of a plan, fund, or program adopted by the contractor, or by contract as a result of collective
