§ 4041.4 Disaster relief.

When the President of the United States declares that, under the Disaster Relief Act (42 U.S.C. 5121, 5122(2), 5141(b)), a major disaster exists, the Executive Director of the PBGC (or his or her designee) may, by issuing one or more notices of disaster relief, extend by up to 180 days any due date under this part.

§ 4041.5 Record retention and availability.

(a) *Retention requirement—(1) Persons subject to requirement; records to be retained.* Each contributing sponsor and the plan administrator of a plan terminating in a standard termination, or in a distress termination that closes out in accordance with § 4041.50, must maintain all records necessary to demonstrate compliance with section 4041 of ERISA and this part. If a contributing sponsor or the plan administrator maintains information in accordance with this section, the other(s) need not maintain that information.

(2) *Retention period.* The records described in paragraph (a)(1) of this section must be preserved for six years

after the date when the post-distribution certification under this part is filed with the PBGC.

(3) *Electronic recordkeeping.* The contributing sponsor or plan administrator may use electronic media for maintenance and retention of records required by this part in accordance with the requirements of subpart E of part 4000 of this chapter.

(b) *Availability of records.* The contributing sponsor or plan administrator must make all records needed to determine compliance with section 4041 of ERISA and this part available to the PBGC upon request for inspection and photocopying (or, for electronic records, inspection, electronic copying, and printout) at the location where they are kept (or another, mutually agreeable, location) and must submit such records to the PBGC within 30 days after the date of a written request by the PBGC or by a later date specified therein.

§ 4041.6 Effect of failure to provide required information.

If a plan administrator fails to provide any information required under this part within the specified time limit, the PBGC may assess a penalty under section 4071 of ERISA of up to \$1,100 a day for each day that the failure continues. The PBGC may also pursue any other equitable or legal remedies available to it under the law, including, if appropriate, the issuance of a notice of noncompliance under § 4041.31.

§ 4041.7 Challenges to plan termination under collective bargaining agreement.

(a) *Suspension upon formal challenge to termination—(1) Notice of formal challenge.* (i) If the PBGC is advised, before its review period under § 4041.26(a) ends, or before issuance of a notice of inability to determine sufficiency or a distribution notice under § 4041.47(b) or (c), that a formal challenge to the termination has been initiated as described in paragraph (c) of this section, the PBGC will suspend the termination proceeding and so advise the plan administrator in writing.

§ 4041.7

(ii) If the PBGC is advised of a challenge described in paragraph (a)(1)(i) of this section after the time specified therein, the PBGC may suspend the termination proceeding and will so advise the plan administrator in writing.

(2) *Standard terminations.* During any period of suspension in a standard termination—

(i) The running of all time periods specified in ERISA or this part relevant to the termination will be suspended; and

(ii) The plan administrator must comply with the prohibitions in § 4041.22.

(3) *Distress terminations.* During any period of suspension in a distress termination—

(i) The issuance by the PBGC of any notice of inability to determine sufficiency or distribution notice will be stayed or, if any such notice was previously issued, its effectiveness will be stayed;

(ii) The plan administrator must comply with the prohibitions in § 4041.42; and

(iii) The plan administrator must file a distress termination notice with the PBGC pursuant to § 4041.45.

(b) *Existing collective bargaining agreement.* For purposes of this section, an existing collective bargaining agreement means a collective bargaining agreement that has not been made inoperative by a judicial ruling and, by its terms, either has not expired or is extended beyond its stated expiration date because neither of the collective bargaining parties took the required action to terminate it. When a collective bargaining agreement no longer meets these conditions, it ceases to be an “existing collective bargaining agreement,” whether or not any or all of its terms may continue to apply by operation of law.

(c) *Formal challenge to termination.* A formal challenge to a plan termination asserting that the termination would violate the terms and conditions of an existing collective bargaining agreement is initiated when—

(1) Any procedure specified in the collective bargaining agreement for resolving disputes under the agreement commences; or

(2) Any action before an arbitrator, administrative agency or board, or court under applicable labor-management relations law commences.

(d) *Resolution of challenge.* Immediately upon the final resolution of the challenge, the plan administrator must notify the PBGC in writing of the outcome of the challenge, provide the PBGC with a copy of any award or order, and, if the validity of the proposed termination has been upheld, advise the PBGC whether the proposed termination is to proceed. The final resolution ends the suspension period under paragraph (a) of this section.

(1) *Challenge sustained.* If the final resolution is that the proposed termination violates an existing collective bargaining agreement, the PBGC will dismiss the termination proceeding, all actions taken to effect the plan termination will be null and void, and the plan will be an ongoing plan. In this event, in a distress termination, § 4041.42(d) will apply as of the date of the dismissal by the PBGC.

(2) *Termination sustained.* If the final resolution is that the proposed termination does not violate an existing collective bargaining agreement and the plan administrator has notified the PBGC that the termination is to proceed, the PBGC will reactivate the termination proceeding by sending a written notice thereof to the plan administrator, and—

(i) The termination proceeding will continue from the point where it was suspended;

(ii) All actions taken to effect the termination before the suspension will be effective;

(iii) Any time periods that were suspended will resume running from the date of the PBGC’s notice of the reactivation of the proceeding;

(iv) Any time periods that had fewer than 15 days remaining will be extended to the 15th day after the date of the PBGC’s notice, or such later date as the PBGC may specify; and

(v) In a distress termination, the PBGC will proceed to issue a notice of inability to determine sufficiency or a distribution notice (or reactivate any such notice stayed under paragraph (a)(3) of this section), either with or

§ 4041.8

29 CFR Ch. XL (7–1–06 Edition)

without first requesting updated information from the plan administrator pursuant to § 4041.45(c).

(e) *Final resolution of challenge.* A formal challenge to a proposed termination is finally resolved when—

(1) The parties involved in the challenge enter into a settlement that resolves the challenge;

(2) A final award, administrative decision, or court order is issued that is not subject to review or appeal; or

(3) A final award, administrative decision, or court order is issued that is not appealed, or review or enforcement of which is not sought, within the time for filing an appeal or requesting review or enforcement.

(f) *Involuntary termination by the PBGC.* Notwithstanding any other provision of this section, the PBGC retains the authority in any case to initiate a plan termination in accordance with the provisions of section 4042 of ERISA.

§ 4041.8 Post-termination amendments.

(a) *Plan benefits.* A participant's or beneficiary's plan benefits are determined under the plan's provisions in effect on the plan's termination date. Notwithstanding the preceding sentence, an amendment that is adopted after the plan's termination date is taken into account with respect to a participant's or beneficiary's plan benefits to the extent the amendment—

(1) Does not decrease the value of the participant's or beneficiary's plan benefits under the plan's provisions in effect on the termination date; and

(2) Does not eliminate or restrict any form of benefit available to the participant or beneficiary on the plan's termination date.

(b) *Residual assets.* In a plan in which participants or beneficiaries will receive some or all of the plan's residual assets based on an allocation formula, the amount of the plan's residual assets and each participant's or beneficiary's share thereof is determined under the plan's provisions in effect on the plan's termination date. Notwithstanding the preceding sentence, an amendment adopted after the plan's termination date is taken into account with respect to a participant's or beneficiary's allocation of residual assets to the extent the amendment does not de-

crease the value of the participant's or beneficiary's allocation of residual assets under the plan's provisions in effect on the termination date.

(c) *Permitted decreases.* For purposes of this section, an amendment shall not be treated as decreasing the value of a participant's or beneficiary's plan benefits or allocation of residual assets to the extent—

(1) The decrease is necessary to meet a qualification requirement under section 401 of the Code;

(2) The participant's or beneficiary's allocation of residual assets is paid in the form of an increase in the participant's or beneficiary's plan benefits; or

(3) The decrease is offset by assets that would otherwise revert to the contributing sponsor or by additional contributions.

(d) *Distress terminations.* In the case of a distress termination, a participant's or beneficiary's benefit liabilities are determined as of the termination date in the same manner as plan benefits under this section.

Subpart B—Standard Termination Process

§ 4041.21 Requirements for a standard termination.

(a) *Notice and distribution requirements.* A standard termination is valid if the plan administrator—

(1) Issues a notice of intent to terminate to all affected parties (other than the PBGC) in accordance with § 4041.23;

(2) Issues notices of plan benefits to all affected parties entitled to plan benefits in accordance with § 4041.24;

(3) Files a standard termination notice with the PBGC in accordance with § 4041.25;

(4) Distributes the plan's assets in satisfaction of plan benefits in accordance with § 4041.28(a) and (c); and

(5) In the case of a spin-off/termination transaction (as defined in § 4041.23(c)), issues the notices required by § 4041.23(c), § 4041.24(f), and § 4041.27(a)(2) in accordance with such sections.

(b) *Plan sufficiency—(1) Commitment to make plan sufficient.* A contributing sponsor of a plan or any other member of the plan's controlled group may make a commitment to contribute any
