

(e) The national stock number of the SF 708 is 7540-01-207-5538.

[52 FR 10190, Mar. 30, 1987]

**§ 2003.30 CLASSIFIED Label SF 709.**

(a) SF 709 is used to identify and protect automatic data processing (ADP) media and other media that contain classified information pending a determination by the classifier of the specific classification level of the information.

(b) SF 709 shall be used in all situations that require the use of a CLASSIFIED Label. Agency-wide use of SF 709 shall begin when supplies of existing forms are exhausted or January 31, 1988, whichever occurs earlier.

(c) SF 709 is affixed to the medium containing classified information in a manner that would not adversely affect operation of equipment in which the medium is used. Once the Label has been applied, it cannot be removed. When a classifier has made a determination of the specific level of classification of the information contained on the medium, either SF 706, SF 707, or SF 708 shall be affixed on top of SF 709 so that only the SF 706, SF 707, or SF 708 is visible.

(d) Only the Director of ISOO may grant a waiver from the use of SF 709. To apply for a waiver, an agency must submit its proposed alternative form to the Director of ISOO along with its justification for use. The Director of ISOO will review the request and notify the agency of the decision.

(e) The national stock number of the SF 709 is 7540-01-207-5540.

[52 FR 10190, Mar. 30, 1987]

**§ 2003.31 UNCLASSIFIED Label SF 710.**

(a) In a mixed environment in which classified and unclassified information are being processed or stored, SF 710 is used to identify automatic data processing (ADP) media and other media that contain unclassified information. Its function is to aid in distinguishing among those media that contain either classified or unclassified information in a mixed environment.

(b) SF 710 shall be used in all situations that require the use of an UNCLASSIFIED Label. Agency-wide use

of SF 710 shall begin when supplies of existing forms are exhausted or January 31, 1988, whichever occurs earlier.

(c) SF 710 is affixed to the medium containing unclassified information in a manner that would not adversely affect operation of equipment in which the medium is used. Once the Label has been applied, it cannot be removed. However, the label is small enough so that it can be wholly covered by a SF 706, SF 707, SF 708 or SF 709 if the medium subsequently contains classified information.

(d) Only the Director of ISOO may grant a waiver from the use of SF 710. To apply for a waiver, an agency must submit its proposed alternative form to the Director of ISOO along with its justification for use. The Director of ISOO will review the request and notify the agency of the decision.

(e) The national stock number of the SF 710 is 7540-01-207-5539.

[52 FR 10191, Mar. 30, 1987]

**§ 2003.32 DATA DESCRIPTOR Label SF 711.**

(a) SF 711 is used to identify additional safeguarding controls that pertain to classified information that is stored or contained on automatic data processing (ADP) or other media.

(b) SF 711 shall be used in all situations that require the use of a DATA DESCRIPTOR Label. Agency-wide use of SF 711 shall begin when supplies of existing forms are exhausted or January 31, 1988, whichever occurs earlier.

(c) SF 711 is affixed to the ADP medium containing classified information in a manner that would not adversely affect operation of equipment in which the medium is used. SF 711 is ordinarily used in conjunction with the SF 706, SF 707, SF 708 or SF 709, as appropriate. Once the Label has been applied, it cannot be removed. The SF 711 provides spaces for information that should be completed as required.

(d) Only the Director of ISOO may grant a waiver from the use of SF 711. To apply for a waiver, an agency must submit its proposed alternative form to the Director of ISOO along with its justification for use. The Director of ISOO will review the request and notify the agency of the decision.

(e) The national stock number of the SF 711 is 7540–01–207–5541.

## PART 2004—NATIONAL INDUSTRIAL SECURITY PROGRAM DIRECTIVE NO. 1

### Subpart A—Implementation and Oversight

Sec.

2004.10 Responsibilities of the Director, Information Security Oversight Office (ISOO) [102(b)].

2004.11 Agency Implementing Regulations, Internal Rules, or Guidelines [102(b)(3)].

2004.12 Reviews by ISOO [102(b)(4)].

### Subpart B—Operations

2004.20 National Industrial Security Program Operating Manual (NISPOM) [201(a)].

2004.21 Protection of Classified Information [201(e)].

2004.22 Operational Responsibilities [202(a)].

2004.23 Cost Reports [203(d)].

2004.24 Definitions.

AUTHORITY: Section 102(b)(1) of Executive Order 12829, January 6, 2003, 58 FR 3479, as amended by Executive Order 12885, December 14, 1993, 58 FR 65863.

SOURCE: 71 FR 18007, Apr. 10, 2006, unless otherwise noted.

### Subpart A—Implementation and Oversight

#### § 2004.10 Responsibilities of the Director, Information Security Oversight Office (ISOO) [102(b)].<sup>1</sup>

The Director ISOO shall:

(a) Implement EO 12829, as amended.

(b) Ensure that the NISP is operated as a single, integrated program across the Executive Branch of the Federal Government; i.e., that the Executive Branch departments and agencies adhere to NISP principles.

(c) Ensure that each contractor's implementation of the NISP is overseen by a single Cognizant Security Authority (CSA), based on a preponderance of classified contracts per agreement by the CSAs.

(d) Ensure that all Executive Branch departments and agencies that con-

tract for classified work have included the Security Requirements clause, 52.204-2, from the Federal Acquisition Regulation (FAR), or an equivalent clause, in such contract.

(e) Ensure that those Executive Branch departments and agencies for which the Department of Defense (DoD) serves as the CSA have entered into agreements with the DoD that establish the terms of the Secretary's responsibilities on behalf of those agency heads.

#### § 2004.11 Agency Implementing Regulations, Internal Rules, or Guidelines [102(b)(3)].

(a) *Reviews and Updates.* All implementing regulations, internal rules, or guidelines that pertain to the NISP shall be reviewed and updated by the originating agency, as circumstances require. If a change in national policy necessitates a change in agency implementing regulations, internal rules, or guidelines that pertain to the NISP, the agency shall promptly issue revisions.

(b) *Reviews by ISOO.* The Director, ISOO, shall review agency implementing regulations, internal rules, or guidelines, as necessary, to ensure consistency with NISP policies and procedures. Such reviews should normally occur during routine oversight visits, when there is indication of a problem that comes to the attention of the Director, ISOO, or after a change in national policy that impacts such regulations, rules, or guidelines. The Director, ISOO, shall provide findings from such reviews to the responsible department or agency.

#### § 2004.12 Reviews by ISOO [102(b)(4)].

The Director, ISOO, shall fulfill his monitoring role based, in part, on information received from NISP Policy Advisory Committee (NISPPAC) members, from on-site reviews that ISOO conducts under the authority of EO 12829, as amended, and from complaints and suggestions from persons within or outside the Government. Findings shall be reported to the responsible department or agency.
