have returned a request card indicating a desire to submit a bid.

[26 FR 11732, Dec. 7, 1961]

### §210.2 Notice of award.

The successful bidder will be notified in writing of the acceptance of his bid. Under construction contracts, this notice may accompany the contract papers which are forwarded for execution. To avoid error, or confusing the notice of award with a notice to proceed, the notice of award will be substantially in the following format:

You are hereby notified that your bid dated \_\_\_\_\_ in the sum of \$ \_\_\_\_\_ covering \_\_\_\_\_ is accepted. A formal contract will be prepared for execution. Acceptable performance and payment bonds (if required) must be furnished upon execution of the formal contract. If approval of the contract is required by its express terms, the contract is not fully executed until such approval is obtained.

Under supply contracts a written award mailed (or otherwise furnished) to the successful bidder either on Standard Form 26 or Standard Form 33, results in a binding contract without further action by either party.

### §210.3 Notice to proceed.

(a) *General.* When the contract specifies the time when the contractor is to proceed with the work under the contract, a notice to proceed will not be required. However, in any case where the contract requires the issuance of a notice to proceed the notice will fix the time for the commencement of the work and also, if appropriate, will fix the time for the completion of the work. The notice to proceed should be issued on a form letter, reproduced on local letterhead paper from a master copy, which will preclude repetitive typing of stereotype data. The notice to proceed will be executed in a sufficient number of copies to meet the contract distribution requirements in paragraph 30-206, Engineer Contract Instructions (ER 1180-1-1), and will bear the contract number in the upper right-hand corner of the notice.

(b) *Contractor's acknowledgment.* When a notice to proceed is issued, the contractor will acknowledge receipt there-

of by signing and dating all copies of the acknowledgment and returning all but one copy to the contracting officer.

(c) *Proceeding before approval of bonds.* It is not necessary to delay commencement under the contract pending approval of bonds by The Judge Advocate General. Such action will be at the discretion of the contracting officer. In the event exceptions are taken to the bonds the contractor will immediately take steps to remove such exceptions or submit new bonds.

(d) *Commencing performance.* Contractors in no case will be required to commence performance prior to the commencement date fixed in the contract or in the notice to proceed. If they voluntarily do so and the contract is not ultimately signed, or approved when required, such action is at their own risk and without liability on the part of the Government. Contractors will not be required to commence performance until:

(1) Performance and payment bonds have been furnished, when required;

(2) The award has been approved when approval is required; and

(3) Notice to proceed has been forwarded to the contractor where required.

### §210.4 Rules of the Corps of Engineers Board of Contract Appeals for cases not subject to the Contract Disputes Act of 1978.

(a) *Preface to rules.* (1) The Corps of Engineers Board of Contract Appeals is the authorized representative of the Chief of Engineers for the purpose of hearing, considering and determining, as fully and finally as he might, appeals by contractors from decisions of contracting officers or their authorized representative or other authorities on disputed questions, taken pursuant to the provision of contracts requiring the determination of such appeals by the Chief of Engineers or his duly authorized representative or Board.

(2) When an appeal is taken pursuant to a disputes clause in a contract which limits appeals to disputes concerning questions of fact, the Board may in its discretion hear, consider and decide all questions of law necessary for the complete adjudication of
