§ 263.6

34 CFR Ch. II (7-1-06 Edition)

(c) The Secretary may give absolute preference reserving all or a portion of the funds available for new awards under the Professional Development program, to only those applications that meet one of the following priorities selected for a fiscal year. The Secretary announces the absolute priority selected in the annual application notice published in the FEDERAL REGISTER.

(1) *Pre-Service training for teachers.* This priority provides support and training to Indian individuals to complete a pre-service education program that enables these individuals to meet the requirements for full State certification or licensure as a teacher through—

(i) Training that leads to a bachelor's degree in education before the end of the award period; or

(ii) For States allowing a degree in a specific subject area, training that leads to a bachelor's degree in the subject area as long as the training meets the requirements for full State teacher certification or licensure; or

(iii) Training in a current or new specialized teaching assignment that requires at least a bachelor's degree and in which a documented teacher shortage exists; and

(iv) One-year induction services after graduation, certification, or licensure, provided during the award period to graduates of the pre-service program while they are completing their first year of work in schools with significant Indian student populations.

NOTE TO PARAGRAPH (C)(1): In working with various institutions of higher education and State certification/licensure requirements, we found that States requiring a degree in a specific subject area (*e.g.*, specialty areas or teaching at the secondary level) generally require a Master's degree or fifth-year requirement before an individual can be certified or licensed as a teacher. These students would be eligible to participate as long as their training meets the requirements for full State certification or licensure as a teacher.

(2) *Pre-service administrator training.* This priority provides—

(i) Support and training to Indian individuals to complete a master's degree in education administration that is provided before the end of the award period and that allows participants to

meet the requirements for State certification or licensure as an education administrator; and

(ii) One year of induction services, during the award period, to participants after graduation, certification, or licensure, while they are completing their first year of work as administrators in schools with significant Indian student populations.
