

§ 14.71

side of the marginal limits thereof, or not to exceed 50 feet on each side of the center line of such pipe lines, telephone and telegraph lines, and transmission lines, by any citizen, association, or corporation of the United States, where it is intended by such to exercise the use permitted under the Act.

(b) The Act of March 4, 1911 (36 Stat. 1253; 43 U.S.C. 961), as amended, authorizes the head of the department having jurisdiction over the lands, under general regulations fixed by him, to grant an easement for rights-of-way for a period not exceeding 50 years, over and across public lands and reservations of the United States, for poles and lines for the transmission and distribution of electrical power, and for poles and lines for communication purposes and for radio, television and other forms of communication transmitting, relay and receiving structures and facilities to the extent of 200 feet on each side of the center line of such lines and poles and not to exceed four hundred feet by four hundred feet for superstructures and facilities to any citizen, association, or corporation of the United States, where it is intended by such to exercise the use permitted under the Act.

§ 14.71 Lands subject to grant.

Permission may be given under the Act of February 15, 1901, and the Act of March 4, 1911, for a right-of-way over unsurveyed lands as well as surveyed lands.

Subpart F—Principles and Procedures, Power Transmission Lines

§ 14.75 Nature of interest.

§ 14.76 Terms and conditions.

(a) By accepting a right-of-way for a power transmission line, the applicant thereby agrees and consents to comply with and be bound by the following terms and conditions, excepting those which the Secretary may waive in a particular case, in addition to those specified in § 14.9.

(1) To protect in a workmanlike manner, at crossings and at places in proximity to his transmission lines on the right-of-way authorized, in accordance

36 CFR Ch. I (7–1–06 Edition)

with the rules prescribed in the National Electric Safety Code, all Government and other telephone, telegraph, and power transmission lines from contact and all highways and railroads from obstruction, and to maintain his transmission lines in such manner as not to menace life or property.

(2) Neither the privilege nor the right to occupy or use the lands for the purpose authorized shall relieve him of any legal liability for causing inductive or conductive interference between any project transmission line or other project works constructed, operated, or maintained by him on the servient lands, and any radio installation, telephone line, or other communication facilities now or hereafter constructed and operated by the United States or any agency thereof.

(3) Each application for authority to survey, locate, commence construction work and maintain a facility for the generation of electric power and energy or for the transmission or distribution of electric power and energy of 33 kilovolts or higher under this subpart shall be referred by the authorized officer to the Secretary of the Interior to determine the relationship of the proposed facility to the power marketing program of the United States. Where the proposed facility will not conflict with the program of the United States the authorized officer, upon notification to that effect, will proceed to act upon the application. In the case of necessary changes respecting the proposed location, construction, or utilization of the facility in order to eliminate conflicts with the power-marketing program of the United States, the authorized officer shall obtain from the applicant written consent to or compliance with such requirements before taking further action on the application: *Provided however*, That if increased costs to the applicant will result from changes to eliminate conflicts with the power-marketing program of the United States, and it is determined that a right-of-way should be granted, such changes will be required upon equitable contract arrangements covering costs and other appropriate factors.
