### § 3001.57 Market response rate requests for express mail service—purpose and duration of rules.

(a) This section and §§3001.58 through 3001.60 only apply in cases in which the Postal Service requests an expedited recommended decision pursuant to section 3622 of the Postal Reorganization Act on changes in rates and fees for Express Mail service, where the proposed changes are intended to respond to a change in the market for expedited delivery services for the purpose of minimizing the loss of Express Mail contribution to institutional costs recommended in the most recent omnibus rate case. These rules set forth the requirements for filing data in support of such rate proposals and for providing notice of such requests, and establish an expedited procedural schedule for evaluating Market Response Rate Re-

quests. These rules may not be used when the Postal Service is requesting changes in Express Mail rates as part of an omnibus rate case.

(b) This section and §§3001.58 through 3001.60 are effective November 28, 2001 through November 28, 2006.

### § 3001.58 Market response rate requests—data filing requirements.

(a) Each formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by such information and data as are necessary to inform the Commission and the parties of the nature and expected impact of the change in rates proposed. Except for good cause shown, the information specified in paragraphs (c) through (i) shall also be provided with each request.

(b) Except as otherwise expressly provided in this section, the information required by §3001.54 (b) through (r) must be filed only for those subclasses and services for which the Postal Service requests a change in rates or fees. Test period volume, cost, and revenue estimates presented in satisfaction of rule 58 shall be for four postal quarters beginning after the filing date of the request. The cost roll-forward may be developed by extending the cost forecasting model used in the last omnibus rate case (utilizing available actual data). Volume and revenue estimates required by these rules shall utilize, to the extent practicable, the factors identified in rule 54(j)(6), and must be fully explained, with all available supporting documentation supplied, but they need not be econometrically derived.

(c) Every formal request made under the provisions of §§3001.57 through 3001.60 shall contain an explanation of why the change proposed by the Postal Service is a reasonable response to the change in the market for expedited delivery services to which it is intended to respond.

(d) Every formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by the then effective Domestic Mail Classification Schedule sections which would have to be altered in order to implement the changes proposed by the

Postal Service, and, arranged in a legislative format, the text of the replacement Domestic Mail Classification Schedule sections the Postal Service proposes.

(e) In addition to the required test period cost estimates, every formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by a statement of the attributable costs by segment and component for Express Mail service determined in accordance with the attributable cost methodology adopted by the Commission in the most recent omnibus rate case, for the base year used in that case, and for each fiscal year thereafter for which cost data is available. If the Postal Service believes that an adjustment to that methodology is warranted it may also provide costs using alternative methodologies as long as a full rationale for the proposed changes is provided.

(f) Each formal request made under the provisions of §§3001.57 through 3001.60 shall include a description of all operational changes, occurring since the most recent omnibus rate case, having an important impact on the attributable cost of Express Mail. Postal Service shall include an analysis and estimate of the cost impact of each such operational change.

(g) Every formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by a statement of the actual Express Mail revenues of the Postal Service from the then effective Express Mail rates and fees for the most recent four quarters for which information is available.

(h) Each formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by a complete description of the change in the market for expedited delivery services to which the Postal Service proposal is in response, a statement of when that change took place, the Postal Service's analysis of the anticipated impact of that change on the market, and a description of characteristics and needs of customers and market segments affected by this change which the proposed Express Mail rates are designed to satisfy.

(i) Each formal request made under the provisions of §§3001.57 through

3001.60 shall include estimates, on a quarterly basis, of test period volumes, revenues, and attributable costs determined in accordance with the attributable cost methodology adopted by the Commission in the most recent omnibus rate case for each Express Mail service for which rate changes are proposed assuming:

(1) rates remain at their existing levels, and

(2) rates are changed after 90 days to the levels suggested in the request.

(j)(1) Each formal request made under the provisions of §§3001.57 through 3001.60 shall be accompanied by the following information, for each quarter following the base year in the most recent omnibus rate case:

(i) Estimated volume by rate cell, for each Express Mail service;

(ii) Total postage pounds of Express Mail rated at:

(A) up to ½ pound,

(B) ½ pound up to 2 pounds,

(C) 2 pounds up to 5 pounds; and

(iii) Total pounds of Express Mail and of each other subclass of mail carried on hub contracts.

(2) In each instance when rates change based on a proceeding under the provisions of §§3001.57 through 3001.60 the Postal Service shall provide, one year after the conclusion of the test period, the data described in section 3001.58(j)(1)(i-iii), for each of the four quarters of the test period.

(k) Each formal request made under the provisions of §§3001.57 through 3001.60 shall include analyses to demonstrate:

(1) that the proposed rates are consistent with the factors listed in 39 U.S.C. 3622(b),

(2) that the proposed rate changes are in the public interest and in accordance with the policies and applicable criteria of the Act, and

(3) that the proposed rates will preserve, or minimize erosion of, the Express Mail contribution to institutional costs recommended in the most recent omnibus rate case.

(l) Each formal request made under the provisions of §§3001.57 through

### **§ 3001.59 Market Response Rate Requests—expedited of public notice and procedural schedule.**

(a) The purpose of this section is to provide a schedule for expediting proceedings when a trial-type hearing is required in a proceeding in which the Postal Service proposes to adjust rates for Express Mail service in order to respond to a change in the market for expedited delivery services.

(b) The Postal Service shall not propose for consideration under the provisions of §§ 3001.57 through 3001.60 rates lower than:

(1) The average per piece attributable cost for Express Mail service determined in the most recent omnibus rate case, or

(2) The average per piece attributable cost for Express Mail service as determined by the Postal Service in accordance with section 3001.58(e) for the most recent fiscal year for which information is available, whichever is higher. Neither shall the Postal Service propose a rate for any rate cell which is lower than the estimated test period attributable cost of providing that rate cell with service.

(c)(1) Persons who are interested in participating in Express Mail Market Response Rate Request cases may intervene pursuant to § 3001.20 within 28 days of the filing of a formal request made under the provisions of §§ 3001.57 through 3001.60. Parties may withdraw from a case by filing a notice with the Commission.

(2) When the Postal Service files a request under the provisions of §§ 3001.57 through 3001.60 it shall comply with the standard Filing Online procedures of §§ 3001.9 through 3001.12.

(3) When the Postal Service files a request under the provisions of §§ 3001.57 through 3001.60, it shall on that same day file a notice that briefly describes its proposal. Such notice shall indicate on its first page that it is a notice of an Express Mail Market Response Rate Request to be considered under §§ 3001.57 through 3001.60, and identify

the last day for filing a notice of intervention with the Commission.

(d) In the absence of a compelling showing of good cause, the Postal Service and parties shall calculate Express Mail costs in accordance with the methodologies used by the Commission in the most recent omnibus rate case. In the analysis of customers' reactions to the change in the market for expedited delivery services which prompts the request, the Postal Service and parties may estimate the demand for segments of the expedited delivery market and for types of customers which were not separately considered when estimating volumes in the most recent omnibus rate case.

(e)(1) In the event that a party wishes to dispute as an issue of fact whether the Postal Service properly has calculated Express Mail costs or volumes (either before or after its proposed changes), or wishes to dispute whether the change in the market for expedited delivery services cited by the Postal Service has actually occurred, or wishes to dispute whether the rates proposed by the Postal Service are a reasonable response to the change in the market for expedited delivery services or are consistent with the policies of the Postal Reorganization Act, that party shall file with the Commission a request for a hearing within 28 days of the date that the Postal Service files its request. The request for hearing shall state with specificity the fact or facts set forth in the Postal Service's filing that the party disputes, and when possible, what the party believes to be the true fact or facts and the evidence it intends to provide in support of its position.

(2) The Commission will not hold hearings on a request made pursuant to §§ 3001.57 through 3001.60 unless it determines that there is a genuine issue of material fact to be resolved, and that a hearing is needed to resolve this issue.

(3) Whether or not a hearing is held, the Commission may request briefs and/or argument on an expedited schedule, but in any circumstance it will issue its recommended decision as promptly as is consistent with its statutory responsibilities.

(4) In order to assist in the rapid development of an adequate evidentiary
