§ 411.35 Limitations on charges to a beneficiary or other party when a workers' compensation plan, a no-fault insurer, or an employer group health plan is primary payer.

(a) *Definition.* As used in this section *Medicare-covered services* means services for which Medicare benefits are payable or would be payable except for the Medicare deductible and coinsurance provisions and the amounts payable by the primary payer.

(b) *Applicability.* This section applies when a workers' compensation plan, a no-fault insurer or an employer group health plan is primary to Medicare.

(c) *Basic rule.* Except as provided in paragraph (d) of this section, the amounts the provider or supplier may collect or seek to collect, for the Medicare-covered services from the beneficiary or any entity other than the workers' compensation plan, the no-fault insurer, or the employer plan and Medicare, are limited to the following:

(1) The amount paid or payable by the primary payer to the beneficiary. If this amount exceeds the amount payable by Medicare (without regard to deductible or coinsurance), the provider or supplier may retain the primary payment in full without violating the terms of the provider agreement or the conditions of assignment.

(2) The amount, if any, by which the applicable Medicare deductible and coinsurance amounts exceed any primary payment made or due to the beneficiary or to the provider or supplier for the medical services.

(3) The amount of any charges that may be made to a beneficiary under § 413.35 of this chapter when cost limits are applied to the services, or under § 489.32 of this chapter when the services are partially covered, but only to the extent that the primary payer is not responsible for those charges.

(d) *Exception.* The limitations of paragraph (c) of this section do not apply if the services were furnished by a supplier that is not a participating supplier and has not accepted assignment for the services or claimed payment under § 424.64 of this chapter.

§ 411.37 Amount of Medicare recovery when a primary payment is made as a result of a judgment or settlement.

(a) *Recovery against the party that received payment—(1) General rule.* Medicare reduces its recovery to take account of the cost of procuring the judgment or settlement, as provided in this section, if—

(i) Procurement costs are incurred because the claim is disputed; and

(ii) Those costs are borne by the party against which CMS seeks to recover.

(2) *Special rule.* If CMS must file suit because the party that received payment opposes CMS's recovery, the recovery amount is as set forth in paragraph (e) of this section.

(b) *Recovery against the primary payer.* If CMS seeks recovery from the primary payer, in accordance with § 411.24(i), the recovery amount will be no greater than the amount determined under paragraph (c) or (d) or (e) of this section.

(c) *Medicare payments are less than the judgment or settlement amount.* If Medicare payments are less than the judgment or settlement amount, the recovery is computed as follows:

(1) Determine the ratio of the procurement costs to the total judgment or settlement payment.

(2) Apply the ratio to the Medicare payment. The product is the Medicare share of procurement costs.

(3) Subtract the Medicare share of procurement costs from the Medicare payments. The remainder is the Medicare recovery amount.

(d) *Medicare payments equal or exceed the judgment or settlement amount.* If Medicare payments equal or exceed the judgment or settlement amount, the recovery amount is the total judgment or settlement payment minus the total procurement costs.

(e) *CMS incurs procurement costs because of opposition to its recovery.* If CMS must bring suit against the party

§ 411.40

that received payment because that party opposes CMS's recovery, the recovery amount is the lower of the following:

- (1) Medicare payment.
- (2) The total judgment or settlement amount, minus the party's total procurement cost.

Subpart C—Limitations on Medicare Payment for Services Covered Under Workers' Compensation

§ 411.40 General provisions.

(a) *Definition.* “Workers’ compensation plan of the United States” includes the workers’ compensation plans of the 50 States, the District of Columbia, American Samoa, Guam, Puerto Rico, and the Virgin Islands, as well as the systems provided under the Federal Employees’ Compensation Act and the Longshoremen’s and Harbor Workers’ Compensation Act.

(b) *Limitations on Medicare payment.*
(1) Medicare does not pay for any services for which—

- (i) Payment has been made, or can reasonably be expected to be made under a workers’ compensation law or plan of the United States or a state; or
- (ii) Payment could be made under the Federal Black Lung Program, but is precluded solely because the provider of the services has failed to secure, from the Department of Labor, a provider number to include in the claim.

(2) If the payment for a service may not be made under workers’ compensation because the service is furnished by a source not authorized to provide that service under the particular workers’ compensation program, Medicare pays for the service if it is a covered service.

(3) Medicare makes secondary payments in accordance with § 411.32 and § 411.33.

ably be expected under workers’ compensation.

(b) Except as specified in § 411.45(a), Medicare does not pay until the beneficiary has exhausted his or her remedies under workers’ compensation.

(c) Except as specified in § 411.45(b), Medicare does not pay for services that would have been covered under workers’ compensation if the beneficiary had filed a proper claim.

§ 411.45 Basis for conditional Medicare payment in workers’ compensation cases.

(a) A conditional Medicare payment may be made under either of the following circumstances:

(1) The beneficiary has filed a proper claim for workers’ compensation benefits, but the intermediary or carrier determines that the workers’ compensation carrier will not pay promptly. This includes cases in which a workers’ compensation carrier has denied a claim.

(2) The beneficiary, because of physical or mental capacity, failed to file a proper claim.

(b) Any conditional payment that CMS makes is conditioned on reimbursement to CMS in accordance with subpart B of this part.

§ 411.46 Lump-sum payments.

(a) *Lump-sum commutation of future benefits.* If a lump-sum compensation award stipulates that the amount paid is intended to compensate the individual for all future medical expenses required because of the work-related injury or disease, Medicare payments for such services are excluded until medical expenses related to the injury or disease equal the amount of the lump-sum payment.

(b) *Lump-sum compromise settlement.*
(1) A lump-sum compromise settlement is deemed to be a workers’ compensation payment for Medicare purposes, even if the settlement agreement stipulates that there is no liability under the workers’ compensation law or plan.
