

**§ 433.60**

**42 CFR Ch. IV (10-1-06 Edition)**

(f) *Application of rules to State fiscal year 1993.* For any portion of a State's fiscal year 1993 that occurs during the transition period, the State may receive, without a reduction in FFP, the amount of provider-related donations that it received in the corresponding period in State fiscal year 1992, including the 5 days after the end of that period, subject to the limitations specified in § 433.60(a).

(g) *Health care-related taxes during the transition period.* (1) Subject to the limitations specified in § 433.60, States may receive, without a reduction in FFP, health care-related taxes during the State's transition period if:

(i) The health care-related taxes are broad-based and uniformly imposed, and the taxpayer will not be held harmless, as specified in § 433.68; or

(ii) The health care-related taxes are imposed under—

(A) A tax program that was in effect as of November 22, 1991; or

(B) Legislation or regulations that were enacted or adopted as of November 22, 1991.

(2) A State may not modify health care-related taxes in existence as of November 22, 1991, without a reduction of FFP, unless the modification only—

(i) Extends a tax program that was scheduled to expire before the end of the State's transition period;

(ii) Makes technical changes that do not alter the rate of the tax or the base of the tax (for example, the providers on which the tax is imposed) and do not otherwise increase the proceeds of the tax;

(iii) Decreases the rate of the tax, without altering the base of the tax; or

(iv) Modifies the tax program to bring it into compliance with § 433.68(f).

[57 FR 55138, Nov. 24, 1992; 58 FR 6095, Jan. 26, 1993, as amended at 58 FR 43180, Aug. 13, 1993]

**§ 433.60 Limitations on level of FFP in State expenditures from provider-related donations and health care-related taxes during the transition period.**

(a) *Maximum amounts.* The maximum amount of total provider-related donations, as specified in § 433.58(d)(3), and health care-related taxes that a State may receive without a reduction in FFP during a State fiscal year in the

State's transition period specified in § 433.58(b) is calculated by multiplying—

(1) The State's total medical assistance expenditures for the fiscal year; by

(2) The greater of:

(i) 25 percent; or

(ii) The "State base percentage" (as described in paragraph (b) of this section).

(b) *State base percentage.* (1) The State's base percentage is calculated by dividing the amount of the provider-related donations and health care-related taxes identified in § 433.58 and estimated by CMS to be received in the State's fiscal year 1992 by the total non-Federal share of medical assistance expenditures (including administrative costs) in that fiscal year based on the best available CMS data.

(2) In calculating the amount of taxes specified in paragraph (b)(1) of this section, taxes (including the tax rate or base) that were not in effect for the entire State fiscal year, but for which legislation or regulations imposing such taxes were enacted or adopted as of November 22, 1991, will be estimated as if they were in effect for the entire fiscal year.

(c) *Deductions before calculating FFP.* Before calculating FFP, CMS will deduct from a State's medical assistance expenditures the total amount of any provider-related donations described in § 433.58(d)(3), and health care-related taxes in excess of the limit calculated under paragraph (a) of this section.

[57 FR 55138, Nov. 24, 1992; 58 FR 6095, Jan. 26, 1993]

**§ 433.66 Permissible provider-related donations after the transition period.**

(a) *General rule.* (1) Except as specified in paragraph (a)(2) of this section, subsequent to the end of a State's transition period, as defined in § 433.58(b), a State may receive revenues from provider-related donations without a reduction in FFP, only in accordance with the requirements of this section.

(2) The provisions of this section relating to provider-related donations for outstationed eligibility workers are effective on October 1, 1992, whether or

not the State's transition period continues beyond that date.

(b) *Permissible donations.* Subject to the limitations specified in § 433.67, a State may receive, without a reduction in FFP, provider-related donations that meet at least one of the following requirements:

(1) The donations must be bona fide donations, as defined in § 433.54; or

(2) The donations are made by a hospital, clinic, or similar entity (such as a Federally-qualified health center) for the direct costs of State or local agency personnel who are stationed at the facility to determine the eligibility (including eligibility redeterminations) of individuals for Medicaid or to provide outreach services to eligible (or potentially eligible) Medicaid individuals. Direct costs of outstationed eligibility workers refers to the costs of training, salaries and fringe benefits associated with each outstationed worker and similar allocated costs of State or local agency support staff, and a prorated cost of outreach activities applicable to the outstationed workers at these sites. The prorated costs of outreach activities will be calculated taking the percent of State outstationed eligibility workers at a facility to total outstationed eligibility workers in the State, and multiplying the percent by the total cost of outreach activities in the State. Costs for such items as State agency overhead and provider office space are not allowable for this purpose.

[57 FR 55138, Nov. 24, 1992, as amended at 58 FR 43180, Aug. 13, 1993]

**§ 433.67 Limitations on level of FFP for permissible provider-related donations.**

(a)(1) *Limitations on bona fide donations.* There are no limitations on the amount of bona fide provider-related donations that a State may receive without a reduction in FFP, as long as the bona fide donations meet the requirements of § 433.66(b)(1).

(2) *Limitations on donations for outstationed eligibility workers.* Effective October 1, 1992, regardless of when a State's transition period ends, the maximum amount of provider-related donations for outstationed eligibility workers, as described in § 433.66(b)(2),

that a State may receive without a reduction in FFP may not exceed 10 percent of a State's medical assistance administrative costs (both the Federal and State share), excluding the costs of family planning activities. The 10 percent limit for provider-related donations for outstationed eligibility workers is not included in the limit in effect through September 30, 1995, for health care-related taxes as described in § 433.70.

(b) *Calculation of FFP.* CMS will deduct from a State's quarterly medical assistance expenditures, before calculating FFP, any provider-related donations received in that quarter that do not meet the requirements of § 433.66(b)(1) and provider donations for outstationed eligibility workers in excess of the limits specified under paragraph (a)(2) of this section.

[57 FR 55138, Nov. 24, 1992, as amended at 58 FR 43180, Aug. 13, 1993]

**§ 433.68 Permissible health care-related taxes after the transition period.**

(a) *General rule.* Beginning on the day after a State's transition period, as defined in § 433.58(b), ends, a State may receive health care-related taxes, without a reduction in FFP, only in accordance with the requirements of this section.

(b) *Permissible health care-related taxes.* Subject to the limitations specified in § 433.70, a State may receive, without a reduction in FFP, health care-related taxes if all of the following are met:

(1) The taxes are broad based, as specified in paragraph (c) of this section;

(2) The taxes are uniformly imposed throughout a jurisdiction, as specified in paragraph (d) of this section; and

(3) The tax program does not violate the hold harmless provisions specified in paragraph (f) of this section.

(c) *Broad based health care-related taxes.* (1) A health care-related tax will be considered to be broad based if the tax is imposed on at least all health care items or services in the class or providers of such items or services furnished by all non-Federal, non-public providers in the State, and is imposed
