

particularly appropriate, and to the extent the Director finds it is consistent with the fulfillment of the purpose of the traineeship.

§ 63.5 How will NIH make awards?

Subject to the regulations of this part, the Director may award traineeships to those qualified applicants who are best able in that official's judgment to carry out the purpose of the traineeships. These awards may be made for a period of one (1) year or other period, including extensions or renewals, as may be specified.

§ 63.6 How to apply.

(a) Application for a traineeship shall be made in writing as prescribed by the Director.

(b) In addition to other pertinent information, the Director may require each applicant to submit the following information:

(1) Certification of the applicant's citizenship status;

(2) The applicant's educational background and other qualifications and experience, including previous academic and professional degrees, if any; and

(3) The subject area of the proposed training.

(c) By applying, eligible individuals agree to abide by HHS, PHS, and NIH regulations, and the terms and conditions of the traineeship award which may require compliance with policies and procedures that apply to the proper conduct of research, such as research involving human and animal subjects, patient care, hospital and laboratory procedures, handling of confidential information, and outside employment.

§ 63.7 What are the benefits of awards?

(a) Subject to the availability of funds, each individual awarded a traineeship may receive a stipend fixed in an amount determined by the Director.

(b) Additional allowances and benefits may be authorized by and at the discretion of the Director, taking into account the cost of living and other factors such as the requirements of the training program and availability of discretionary funds. Discretionary allowances and benefits may include:

health benefits coverage; dependents' allowance; travel to pre-award interviews, to first duty station, and return to the place of origin upon conclusion of the traineeship; tuition and institution fees; and other specific costs as may be necessary to fulfill the purpose of the training program.

§ 63.8 What are the terms and conditions of awards?

All traineeships shall be subject to the following terms and conditions:

(a) Training must be carried out at a facility of the NIH, but may be supplemented by additional training acquired at another institution which is found by the Director to be directly related to the purpose of the traineeship and necessary to its successful completion.

(b) Payments shall be made to the awardee or to the institution for payment to the awardee in accordance with payment schedules as prescribed by the Director for each traineeship program.

(c) The awardee shall reimburse NIH for any overpayment of stipends or other allowances because of early termination of the traineeship or any other reason, unless waived for good cause shown by the awardee.

(d) The Director may establish procedures and requirements applicable to traineeship awards, consistent with the regulations in this part, regarding: (1) The proper conduct of research investigations, including research involving human and animal subjects; (2) patient care; (3) hospital and laboratory procedures; (4) handling of confidential information; (5) outside employment; and (6) additional conditions the Director finds necessary to fulfill the purpose of the traineeship.

(e) The awardee shall sign an agreement to comply with the terms and conditions of the traineeship.

§ 63.9 How may NIH terminate awards?

The Director may terminate a traineeship at any time:

(a) Upon written request of the awardee; or

(b) If it is determined that the awardee has committed misconduct in science, is ineligible, or has materially failed to comply with the terms and

§ 63.10

conditions of the award or to carry out the purpose for which the award was made; or

(c) If the awardee is convicted of a felony, or an offense involving any illegal drug or substance, or any offense involving a lack of financial integrity or business honesty; or

(d) Because of programmatic changes or lack of funds.

§ 63a.1 To what programs do these regulations apply?

(a) The regulations of this part apply to:

(1) Grants awarded by the John E. Fogarty International Center for Advanced Study in the Health Sciences, NIH, for training in international cooperative biomedical research endeavors, as authorized under section 307(b)(3) of the Act;

(2) Grants awarded by NIH for research training with respect to the human diseases, disorders, or other aspects of human health or biomedical research for which the institute or other awarding component was established, for which fellowship support is not provided under section 487 of the Act and which is not residency training of physicians or other health professionals, as authorized by sections 405(b)(1)(C), 452G, 485B(b), 2315(a)(1), and 2354(a)(3)(C) of the Act; and,

(3) Grants awarded by the National Institute of Environmental Health
