

§3137.10

Record title means legal ownership of an oil and gas lease recorded in BLM's records.

Tract means land that may be included in an NPR-A oil and gas unit agreement and that may or may not be in a Federal lease.

Unit agreement means a BLM-approved agreement to cooperate in exploring, developing, operating and sharing in production of all or part of an oil or gas pool, field or like area, including at least one NPR-A lease, without regard to lease boundaries and ownership.

Unit area means all tracts committed to a BLM-approved unit. Tracts not committed to the unit, even though they may be within the external unit boundary, are not part of the unit area.

Unit operations are all activities associated with exploration, development drilling, and production operations the unit operator(s) conducts on committed tracts.

GENERAL

§3137.10 What benefits do I receive for entering into a unit agreement?

(a) Each individual tract committed to the unit agreement meets its full performance obligation if one or more tracts in the unit meets the development or production requirements;

(b) Production from a well that meets the productivity criteria (see §3137.82 of this subpart) under the unit agreement extends the term of all NPR-A leases committed to the unit agreement as provided in §3137.111 of this subpart;

(c) You may drill within the unit without regard to certain lease restrictions, such as lease boundaries within the unit and spacing offsets; and

(d) You may consolidate operations and permitting and reporting requirements.

APPLICATION

§3137.15 If the Federal lands constitute less than 10 percent of the lands in the proposed unit area, is the unit agreement subject to Federal regulations or approval?

If the Federal lands constitute less than 10 percent of the lands in the proposed unit area—

(a) You may use a unit agreement approved by the State and/or a native corporation;

(b) BLM will authorize commitment of the Federal lands to the unit if it determines that the unit agreement protects the public interest; or

(c) As unit operator you may ask BLM to approve and administer the unit. If BLM agrees to approve and administer the unit, you must follow, and BLM will administer, the regulations in this subpart and 43 CFR part 3160.

§3137.20 Is there a standard unit agreement form?

There is no standard unit agreement form. BLM will accept any unit agreement format if it protects the public interest and includes the mandatory terms required in §3137.21 of this subpart.

§3137.21 What must I include in an NPR-A unit agreement?

(a) Your NPR-A unit agreement must include—

(1) A description of the unit area and any geologic and engineering factors upon which you are basing the area;

(2) Initial and continuing development obligations (see §§3137.40 and 3137.41 of this subpart);

(3) The proposed participating area size and proposed well locations (see §3137.80(b) of this subpart);

(4) A provision that acknowledges BLM's authority to set or modify the quantity, rate, and location of development and production; and

(5) Any optional terms which are authorized in §3137.50 of this subpart you choose to include in the unit agreement.

(b) You must include in the unit agreement any additional terms and conditions that result from consultation with BLM. After your initial application, BLM may request additional supporting documentation.

§3137.22 What are the size and shape requirements for a unit area?

(a) The unit area must—

(1) Consist of tracts, each of which must be contiguous to at least one

Bureau of Land Management, Interior

§ 3137.28

other tract in the unit, that are located so that you can perform operations and production in an efficient and logical manner; and

(2) Include at least one NPR-A lease.

(b) BLM may limit the size and shape of the unit considering the type, amount and rate of the proposed development and production and the location of the oil or gas.

§ 3137.23 What must I include in my NPR-A unitization application?

Your unitization application to BLM must include—

(a) The proposed unit agreement;

(b) A map showing the proposed unit area;

(c) A list of committed tracts including, for each tract, the—

(1) Legal land description and acreage;

(2) Names of persons holding record title interest;

(3) Names of persons owning operating rights; and

(4) Name of the unit operator.

(d) You must certify—

(1) That you invited all owners of oil and gas rights (leased or unleased) and lease interests (record title and operating rights) within the external boundary of the unit area described in the application to join the unit;

(2) That there are sufficient tracts committed to the unit agreement to reasonably operate and develop the unit area;

(3) The commitment status of all tracts within the area proposed for unitization; and

(4) That you accept unit obligations under § 3137.60 of this subpart.

(e) Evidence of acceptable bonding;

(f) A discussion of reasonably foreseeable and significantly adverse effects on the surface resources of NPR-A and how unit operations may reduce impacts compared to individual lease operations; and

(g) Other documentation BLM may request. BLM may require additional copies of maps, plats, and other similar exhibits.

§ 3137.24 Why would BLM reject a unit agreement application?

BLM will reject a unit agreement application—

(a) That does not address all mandatory terms, including those required under § 3137.21(b) of this subpart;

(b) If the unit operator—

(1) Has an unsatisfactory record of complying with applicable laws, regulations, the terms of any lease or permit, or the requirements of any notice or order; or

(2) Is not qualified to operate within NPR-A under applicable laws and regulations;

(c) That does not conserve natural resources;

(d) That is not in the public interest;

(e) That does not comply with any special conditions in effect for any part of the NPR-A that the unit or any lease subject to the unit would affect; or

(f) That does not comply with the requirements of this subpart.

§ 3137.25 How will the parties to the unit know if BLM approves the unit agreement?

BLM will notify the unit operator in writing when it approves or disapproves the proposed unit agreement. The unit operator must notify, in writing, all parties to the unit agreement within 30 calendar days after receiving BLM's notice of approval or disapproval.

§ 3137.26 When is a unit agreement effective?

The unit agreement is effective on the date BLM approves it.

§ 3137.27 What effect do subsequent contracts or obligations have on the unit agreement?

No subsequent contract or obligation—

(a) Modifies the terms or conditions of the unit agreement; or

(b) Relieves the unit operator of any right or obligation under the unit agreement.

§ 3137.28 What oil and gas resources of committed tracts does the unit agreement include?

A unit agreement includes all oil and gas resources of committed tracts unless BLM approves unit agreement terms to the contrary pursuant to § 3137.50 of this subpart.
