

Bureau of Land Management, Interior

§ 3513.15

SPECIAL CIRCUMSTANCES AND
OBLIGATIONS

§ 3512.18 Will BLM approve my assignment or sublease if I have outstanding liabilities?

Before we will approve your assignment of a permit or lease, your account must be in good standing. We will also approve the assignment if the assignee and his or her surety provides written acceptance of your outstanding liabilities under the permit or lease. In addition, the assignee must either furnish a new bond equivalent to your existing bond or obtain consent of the surety on your bond to substitute the assignee as the principal.

§ 3512.19 Must I notify BLM if I intend to transfer an overriding royalty to another party?

Yes. Although we do not approve these transfers, you must file all overriding royalty interest transfers with the BLM within 90 days from the date of execution. Include the transferees's statement of qualifications required in subpart 3502 of this part and the \$25 filing fee.

EFFECT OF ASSIGNMENTS ON YOUR
OBLIGATIONS

§ 3512.25 If I assign my permit or lease, when do my obligations under the permit or lease end?

You and your surety remain responsible for the performance of all obligations under the permit or lease until the date we approve the assignment. You will continue to be responsible for obligations that accrued prior to the date of our approval of the assignment, whether or not they were identified at the time of the transfer.

§ 3512.30 What are the responsibilities of a sublessor and a sublessee?

After BLM's approval of a sublease becomes effective, the sublessor and sublessee are jointly and severably liable for performance of all obligations under the permit or lease.

§ 3512.33 Does an assignment or sublease alter the permit or lease terms?

No, it does not alter permit or lease terms.

Subpart 3513—Waiver, Suspension or Reduction of Rental and Minimum Royalties

RENTAL AND ROYALTY REDUCTIONS

§ 3513.11 May BLM relieve me of the lease requirements of rental, minimum royalty, or production royalty while continuing to hold the lease?

Yes. BLM has a process which may allow you temporary relief from these lease requirements.

§ 3513.12 What criteria does BLM consider in approving a waiver, suspension, or reduction in rental or minimum royalty, or a reduction in the royalty rate?

We will consider if approval:

- (a) Is in the interest of conservation;
- (b) Will encourage the greatest ultimate recovery of the resource; and
- (c) Is necessary either to promote development of the mineral resources or because you cannot successfully operate the lease under existing terms.

§ 3513.15 How do I apply for reduction of rental, royalties or minimum production?

You must send us two copies of your application with the following information for all leases involved:

- (a) The serial numbers;
- (b) The name of the record title holder(s);
- (c) The name of the operator and operating rights owners if different from the record title holder(s);
- (d) A description of the lands by legal subdivision;
- (e) A map showing the serial number and location of each mine or excavation and the extent of the mining operations;
- (f) A tabulated statement of the leasable minerals mined for each month covering at least the last twelve months before you filed your application, and the average production mined per day for each month;
- (g) If you are applying for relief from the minimum production requirement, complete information as to why you did not attain the minimum production;
- (h) A detailed statement of expenses and costs of operating the entire lease,

§ 3513.16

and the income from the sale of any leased products;

(i) All facts showing why you cannot successfully operate the mines under the royalty or rental fixed in the lease and other lease terms;

(j) For reductions in royalty, full information as to whether you pay royalties or payments out of production to anyone other than the United States, the amounts paid and efforts you have made to reduce them;

(k) Documents demonstrating that the total amount of overriding royalties paid for the lease will not exceed one-half the proposed reduced royalties due the United States; and

(l) Any other information BLM needs to determine whether the request satisfies the standards in § 3513.12 of this part.

§ 3513.16 Do I have to pay a fee when I apply for a waiver, suspension, or reduction of rental, minimum royalty, production royalty, or minimum production?

Yes. BLM will charge you a processing fee on a case-by-case basis, as described in § 3000.11 of this chapter.

[70 FR 58878, Oct. 7, 2005]

SUSPENSION OF OPERATIONS AND PRODUCTION (CONSERVATION CONCERNS)

§ 3513.20 What is a suspension of operations and production (conservation concerns)?

A suspension of operations and production (conservation concerns) is a BLM action where BLM orders or allows you to suspend operations in the interest of conservation of natural resources.

§ 3513.21 What is the effect of a suspension of operations and production (conservation concerns)?

BLM will extend your lease term by any periods of suspension of operations and production (conservation concerns). We will reduce the minimum annual production requirements of your lease proportionately for that time during a lease year in which a suspension of operations and production is effective. You do not have to pay rental and minimum annual production royalties starting with the first day of the next lease month after

43 CFR Ch. II (10–1–06 Edition)

the suspension becomes effective. However, if the suspension is effective on the first day of the lease month, you may stop paying rentals and royalties that same day.

§ 3513.22 How do I apply for a suspension of operations and production (conservation concerns)?

Send us two copies of an application that explains why it is in the interest of conservation to suspend your operations and production.

§ 3513.23 May BLM order a suspension of operations and production (conservation concerns)?

Yes, BLM may order a suspension of operations and production.

§ 3513.25 When will my suspension of operations and production (conservation concerns) take effect?

Your suspension takes effect on the date BLM specifies.

§ 3513.26 When and how does my suspension of operations and production (conservation concerns) expire or terminate?

Your suspension ends on the expiration date that BLM specifies in the decision or order approving the suspension, or on the first day of the lease month in which you resume operations or production, whichever occurs first. All lease terms and obligations resume on this date. MMS will allow credit towards future rentals or royalties due, if you paid rent for the period of suspension of operations and production.

SUSPENSION OF OPERATIONS (ECONOMIC CONCERNS)

§ 3513.30 What is a suspension of operations (economic concerns)?

A suspension of operations (economic concerns) is an action by which BLM may approve your request to suspend operations on your lease when marketing conditions are such that you cannot operate your leases except at a loss. BLM may not order a suspension of operations (economic concerns) unless you request it.
