

claim. The payment of annual rental must be made to the superintendent or other officer in charge of the reservation each year on or prior to the anniversary date of the mining location.

(c) Where a mining claim is located within the reservation, the locator shall pay to the superintendent or other officer in charge of the reservation damages for the loss of any improvements on the land in such a sum as may be determined by the Secretary of the Interior to be a fair and reasonable value of such improvements, for the credit of the owner thereof. The value of such improvements may be fixed by the Commissioner, Bureau of Indian Affairs, with the approval of the Secretary of the Interior, and payment in accordance with such determination shall be made within 1 year from date thereof.

(d) At the time of filing with the manager an application for mineral patent for lands within the Tohono O'Odham Indian Reservation the applicant shall furnish, in addition to the showing required under the general mining laws, a statement from the superintendent or other officer in charge of the reservation, that he has deposited with the proper official in charge of the reservation for deposit in the Treasury of the United States to the credit of the Tohono O'Odham Tribe a sum equal to \$1 for each acre and \$1 for each fractional part of an acre embraced in the application for patent in lieu of annual rental, together with a statement from the superintendent or other officer in charge of the reservation that the annual rentals have been paid each year and that damages for loss of improvements, if any, have been paid.

(e) The Act provides that in case patent is not acquired the sum deposited in lieu of annual rentals shall be refunded. Where patent is not acquired, such sums due as annual rentals but not paid during the period of patent application shall be deducted from the sum deposited in lieu of annual rental. Applications for refund shall be filed in the office of the manager and should follow the general procedure in applications for repayment.

(f) Water reservoirs, charcos, water holes, springs, wells, or any other form

of water development by the United States or the Tohono O'Odham Indians shall not be used for mining purposes under the terms of the said Act of August 28, 1937, except under permit from the Secretary of the Interior approved by the Tohono O'Odham Indian Council.

(g) A mining location may not be located on any portion of a 10 acre legal subdivision containing water reservoirs, charcos, water holes, springs, wells or any other form of water development by the United States or the Indians except under a permit from the Secretary of the Interior approved by the Tohono O'Odham Indian Council which permit shall contain such stipulations, restrictions, and limitations regarding the use of the land for mining purposes as may be deemed necessary and proper to permit the free use of the water thereon by the United States or the Tohono O'Odham Indians.

(h) The term *locator* wherever used in this section shall include and mean his successors, assigns, grantees, heirs, and all others claiming under or through him.

Subpart A—Introduction

§ 3830.1 What is the purpose of parts 3830-3839?

In this part 3830, references to “these regulations” are references to parts 3830 through 3839 of this chapter.

(a) These regulations describe the steps you, as a mining claimant, must take regarding mining claims or sites on the Federal lands under Federal law, to—

(1) Locate (see part 3832 of this chapter);

(2) Maintain (see parts 3834 through 3836 of this chapter);

(3) Amend (see part 3833, subpart B, of this chapter); and

(4) Transfer (see part 3833, subpart C, and part 3835, subpart B, of this chapter) mining claims or sites on the Federal lands under Federal law.

(b) These regulations apply to—

(1) Lode and placer mining claims (see part 3832, subpart B, of this chapter);

(2) Mill sites (see part 3832, subpart C, of this chapter);

(3) Tunnel sites (see part 3832, subpart D, of this chapter);

(4) Oil shale claims (see § 3830.92);

(5) Location of uncommon varieties of mineral materials (see § 3830.12(b));

(6) Delinquent co-claimants (see part 3837 of this chapter); and

(7) Mining claims and tunnel sites on Stockraising Homestead Act lands (see part 3838 of this chapter).

(c) In addition to these regulations, there are State law requirements that apply to you. If any State law conflicts with the requirements in these regulations, you must still comply with these regulations. These regulations do not describe State law requirements.

§ 3830.2 What is the scope of these regulations?

These regulations govern locating, recording, and maintaining mining claims, mill sites, and tunnel sites on all Federal lands. These regulations do not authorize locating any new mining claims on Federal lands closed to mineral entry, including units of the National Park Service.

(a) You must follow the recording and maintenance requirements in this part even if BLM has actual knowledge of the existence of your mining claims or sites through other means.

(b) Part 3838 of this chapter describes supplemental procedures for locating mining claims or sites on land subject to the Stockraising Homestead Act, 43 U.S.C. 291-299.
