(f) This part 423 and other Federal laws will govern over any conflicting regulations of a non-Federal entity.

Subpart B—Areas Open and Closed to Public Use

§ 423.10 What areas are open to public use?

All Reclamation facilities, lands, and waterbodies are open to lawful use by the public unless they are closed to public use under this subpart B of this part 423, or as provided by 43 CFR part 420, Off-Road Vehicle Use.

§ 423.11 What areas are closed to public use?

The following Reclamation facilities, lands, and waterbodies, or portions thereof, are closed to public use:

(a) Those that were closed to public use as of April 17, 2006, as evidenced by fencing, gates, barriers, locked doors, road closures, signage, posting of notices, or other reasonably obvious means, as provided in § 423.14;

§ 423.12 How will Reclamation notify the public of additional closed areas?

(a) *Non-emergency situations.* In non-emergency situations, an authorized official must provide 30 days advance public notice before closing all or portions of Reclamation facilities, lands, or waterbodies. The notice must include publication in a newspaper of general circulation in the locale of the

Reclamation facilities, lands, or waterbodies to be closed. Non-emergency situations covered by this section include:

(1) Protection and security of Reclamation facilities and of Reclamation's employees and agents;

(2) Protection of public health and safety, cultural resources, natural resources, scenic values, or scientific research activities;

(3) Safe and efficient operation and maintenance of Reclamation projects;

(4) Reduction or avoidance of conflicts among visitor use activities;

(5) National security; or

(6) Other reasons in the public interest.

(b) *Emergency situations.* In emergency situations where delay would result in significant and immediate risks to public safety, security, or other public concerns, an authorized official may close all or portions of Reclamation facilities, lands, or waterbodies without advance public notice.

§ 423.13 How will Reclamation establish periodic and regular closures?

Reclamation facilities, lands, or waterbodies that are closed periodically and regularly, regardless of the date of the initial closure, must be noticed as provided in § 423.12(a) only once, and at any time the schedule of closure is changed.

§ 423.14 How will Reclamation post and delineate closed areas at the site of the closure?

Before or at the time of closing all or portions of Reclamation facilities, lands, or waterbodies to public use, the responsible authorized official must indicate the closure by:

(a) Locked doors, fencing, gates, or other barriers;

(b) Posted signs and notices at conspicuous locations, such as at normal points of entry and at reasonable intervals along the boundary of the closed area; or

(c) Other reasonably obvious means including, but not limited to, onsite personal contact with a uniformed official.
