The list of all currently approved courses of instruction including the equivalent service and applicable licenses and ratings is maintained by Commanding Officer, National Maritime Center, NMC-4B. Satisfactory completion of an approved training course may be substituted for not more than two-thirds of the required service on deck or in the engine department for deck or engineer licenses, respectively, and for qualified ratings.

An applicant who had met the recent service requirement before entering school will not be penalized by attending the approved training course.

(c) Training obtained prior to receiving a license may not be used for subsequent raises of grade.

(d) Simulator training in combination with a Coast Guard approved training course may be submitted to the Commanding Officer, National Maritime Center, for evaluation and determination of equivalency to required sea service. Simulator training cannot be substituted for recency requirements, but may substitute for a maximum of 25 percent of the required service for any license transaction.
