

Subpart 11.1—Selecting and Developing Requirements Documents

11.101 Order of precedence for requirements documents.

(a) Agencies may select from existing requirements documents, modify or combine existing requirements documents, or create new requirements documents to meet agency needs, consistent with the following order of precedence:

- (1) Documents mandated for use by law.
- (2) Performance-oriented documents (e.g., a PWS or SOO). (See 2.101.)
- (3) Detailed design-oriented documents.
- (4) Standards, specifications and related publications issued by the Government outside the Defense or Federal series for the non-repetitive acquisition of items.

(b) Agencies shall prepare requirements documents to achieve maximum practicable—

- (1) Energy efficiency, including using products containing energy-efficient standby power devices and renewable energy technologies; and
- (2) Use of recovered material, other materials that are environmentally preferable, energy- and water-efficient products, and renewable energy technologies (see subparts 23.2, 23.4, and 23.7).

(c) In accordance with OMB Circular A-119, “Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities,” agencies must use voluntary consensus standards, when they exist, in lieu of Government-unique standards, except where inconsistent with law or otherwise impractical. The private sector manages and administers voluntary consensus standards. Such standards are not mandated by law (e.g., industry standards such as ISO 9000).

11.102 Standardization program.

Agencies shall select existing requirements documents or develop new

requirements documents that meet the needs of the agency in accordance with the guidance contained in the Federal Standardization Manual, FSPM-0001; for DoD components, DoD 4120.24-M, Defense Standardization Program Policies and Procedures; and for IT standards and guidance, the Federal Information Processing Standards Publications (FIPS PUBS). The Federal Standardization Manual may be obtained from the General Services Administration (see address in 11.201(d)(1)). DoD 4120.24-M may be obtained from DoD (see 11.201(d)(2) or 11.201(d)(3)). FIPS PUBS may be obtained from the Government Printing Office (GPO), or the Department of Commerce’s National Technical Information Service (NTIS) (see address in 11.201(d)(4)).

11.103 Market acceptance.

(a) Section 8002(c) of Pub. L. 103-355 provides that, in accordance with agency procedures, the head of an agency may, under appropriate circumstances, require offerors to demonstrate that the items offered—

- (1) Have either—
 - (i) Achieved commercial market acceptance; or
 - (ii) Been satisfactorily supplied to an agency under current or recent contracts for the same or similar requirements; and
- (2) Otherwise meet the item description, specifications, or other criteria prescribed in the public notice and solicitation.

(b) Appropriate circumstances may, for example, include situations where the agency’s minimum need is for an item that has a demonstrated reliability, performance or product support record in a specified environment. Use of market acceptance is inappropriate when new or evolving items may meet the agency’s needs.

(c) In developing criteria for demonstrating that an item has achieved commercial market acceptance, the contracting officer shall ensure the criteria in the solicitation—

- (1) Reflect the minimum need of the agency and are reasonably related to
