

Federal Acquisition Regulation

19.502-2

SBA procurement center representative and a contracting officer.

(h) All solicitations involving set-asides must specify the applicable small business size standard and NAICS code (see 19.303).

(i) Except as authorized by law, a contract may not be awarded as a result of a small business set-aside if the cost to the awarding agency exceeds the fair market price.

[48 FR 42240, Sept. 19, 1983]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting section 19.501, see the List of CFR Sections Affected which appears in the Finding Aids section of the printed volume and on GPO Access.

19.502 Setting aside acquisitions.

19.502-1 Requirements for setting aside acquisitions.

(a) The contracting officer shall set aside an individual acquisition or class of acquisitions for competition among small businesses when—

(1) It is determined to be in the interest of maintaining or mobilizing the Nations full productive capacity, war or national defense programs; or

(2) Assuring that a fair proportion of Government contracts in each industry category is placed with small business concerns; and the circumstances described in 19.502-2 or 19.502-3(a) exist.

(b) This requirement does not apply to purchases of \$3,000 or less (\$15,000 or less for acquisitions as described in 13.201(g)(1)), or purchases from required sources of supply under Part 8 (*e.g.*, Committee for Purchase From People Who are Blind or Severely Disabled, and Federal Supply Schedule contracts).

[63 FR 70270, Dec. 18, 1998, as amended at 67 FR 56121, Aug. 30, 2002; 68 FR 4050, Jan. 27, 2003; 69 FR 8314, Feb. 23, 2004; 69 FR 16150, Mar. 26, 2004; 71 FR 57367, Sept. 28, 2006]

19.502-2 Total small business set-asides.

(a) Each acquisition of supplies or services that has an anticipated dollar value exceeding \$3,000 (\$15,000 for acquisitions as described in 13.201(g)(1)), but not over \$100,000 (\$250,000 for acquisitions described in paragraph (1) of the Simplified Acquisition Threshold definition at 2.101), is automatically re-

served exclusively for small business concerns and shall be set aside for small business unless the contracting officer determines there is not a reasonable expectation of obtaining offers from two or more responsible small business concerns that are competitive in terms of market prices, quality, and delivery. If the contracting officer does not proceed with the small business set-aside and purchases on an unrestricted basis, the contracting officer shall include in the contract file the reason for this unrestricted purchase. If the contracting officer receives only one acceptable offer from a responsible small business concern in response to a set-aside, the contracting officer should make an award to that firm. If the contracting officer receives no acceptable offers from responsible small business concerns, the set-aside shall be withdrawn and the requirement, if still valid, shall be resolicited on an unrestricted basis. The small business reservation does not preclude the award of a contract with a value not greater than \$100,000 under Subpart 19.8, Contracting with the Small Business Administration, under 19.1007(c), Solicitations equal to or less than the ESB reserve amount, or under 19.1305, HUBZone set-aside procedures.

(b) The contracting officer shall set aside any acquisition over \$100,000 for small business participation when there is a reasonable expectation that (1) offers will be obtained from at least two responsible small business concerns offering the products of different small business concerns (but see paragraph (c) of this subsection); and (2) award will be made at fair market prices. Total small business set-asides shall not be made unless such a reasonable expectation exists (but see 19.502-3 as to partial set-asides). Although past acquisition history of an item or similar items is always important, it is not the only factor to be considered in determining whether a reasonable expectation exists. In making R&D small business set-asides, there must also be a reasonable expectation of obtaining from small businesses the best scientific and technological sources consistent with the demands of the proposed acquisition for the best mix of cost, performances, and schedules.
