

Federal Acquisition Regulation

22.1009-4

identify the specific places or geographical areas where the services might be performed (see 22.1009-2) and then may follow the procedures either in 22.1009-3 or in 22.1009-4.

22.1009-2 Attempt to identify possible places of performance.

The contracting officer should attempt to identify the specific places or geographical areas where the services might be performed. The following may indicate possible places of performance:

(a) Locations of previous contractors and their competitors.

(b) Databases available via the Internet for lists of prospective offerors and contractors.

(c) Responses to a presolicitation notice (see 5.204).

[48 FR 42258, Sept. 19, 1983, as amended at 68 FR 43856, July 24, 2003]

22.1009-3 All possible places of performance identified.

(a) If the contracting officer can identify all the possible places or areas of performance (even though the actual place of performance will not be known until the successful offeror is chosen), the contracting officer shall obtain a wage determination for each locality where services may be performed (see 22.1008).

(b) If the contracting officer subsequently learns of any potential offerors in previously unidentified places before the closing date for submission of offers, the contracting officer shall—

(1) Obtain wage determinations for the additional places of performance and amend the solicitation to include all wage determinations. If necessary, the contracting officer shall extend the time for submission of final offers; and

(2) Follow the procedures in 22.1009-4.

[71 FR 36934, June 28, 2006]

22.1009-4 All possible places of performance not identified.

If the contracting officer believes that there may be offerors interested in performing in unidentified places or areas, the contracting officer may use the following procedures:

(a) Include the following information in the synopsis and solicitation:

(1) That the place of performance is unknown.

(2) The possible places or areas of performance that the contracting officer has already identified.

(3) That the contracting officer will obtain wage determinations for additional possible places of performance if asked to do so in writing.

(4) The time and date by which offerors must notify the contracting officer of additional places of performance.

(b) Include the information required by paragraphs (a)(2) and (a)(4) of this section in the clause at 52.222-49, Service Contract Act-Place of Performance Unknown (see 22.1006(f)). The closing date for receipt of offerors' requests for wage determinations for additional possible places of performance should allow reasonable time for potential offerors to review the solicitation and determine their interest in competing. Generally, 10 to 15 days from the date of issuance of the solicitation may be considered a reasonable period of time.

(c) The procedures in 14.304 shall apply to late receipt of offerors' requests for wage determinations for additional places of performance. However, late receipt of an offeror's request for a wage determination for additional places of performance does not preclude the offeror's competing for the proposed acquisition.

(d) If the contracting officer receives any timely requests for wage determinations for additional places of performance the contracting officer shall—

(1) Obtain wage determinations for the additional places of performance; and

(2) Amend the solicitation to include all wage determinations and, if necessary, extend the time for submission of final offers.

(e) If the successful offeror did not make a timely request for a wage determination and will perform in a place of performance for which the contracting officer therefore did not request a wage determination, the contracting officer shall—

(1) Award the contract;

(2) Obtain a wage determination; and

(3) Incorporate the wage determination in the contract, retroactive to the
