

32.1005

48 CFR Ch. 1 (10-1-06 Edition)

Because the contracting officer has wide discretion as to the timing and amount of the performance-based payments, the contracting officer must ensure that—

(i) The total contract price is fair and reasonable, all factors considered; and

(ii) Performance-based payment amounts are commensurate with the value of the performance event or performance criterion, and are not expected to result in an unreasonably low or negative level of contractor investment in the contract. To confirm sufficient investment, the contracting officer may request expenditure profile information from offerors, but only if other information in the proposal, or information otherwise available to the contracting officer, is expected to be insufficient.

(4) Unless agency procedures prescribe the bases for establishing performance-based payment amounts, contracting officers may establish them on any rational basis, including (but not limited to)—

(i) Engineering estimates of stages of completion;

(ii) Engineering estimates of hours or other measures of effort to be expended in performance of an event or achievement of a performance criterion; or

(iii) The estimated projected cost of performance of particular events.

(5) When subsequent contract modifications are issued, the contracting officer must adjust the performance-based payment schedule as necessary to reflect the actions required by those contract modifications.

(c) *Instructions for multiple appropriations.* If there is more than one appropriation account (or subaccount) funding payments on the contract, the contracting officer must provide instructions to the Government payment office for distribution of financing payments to the respective funds accounts. Distribution instructions must be consistent with the contract's liquidation provisions.

(d) *Liquidating performance-based finance payments.* Performance-based amounts must be liquidated by deducting a percentage or a designated dollar amount from the delivery payments. The contracting officer must specify the liquidation rate or designated dol-

lar amount in the contract. The method of liquidation must ensure complete liquidation no later than final payment.

(1) If the contracting officer establishes the performance-based payments on a delivery item basis, the liquidation amount for each line item is the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount.

(2) If the performance-based finance payments are on a whole contract basis, liquidation is by predesignated liquidation amounts or liquidation percentages.

(e) *Competitive negotiated solicitations.*

(1) If a solicitation requests offerors to propose performance-based payments, the solicitation must specify—

(i) What, if any, terms must be included in all offers; and

(ii) The extent to which and how offeror-proposed performance-based payment terms will be evaluated. Unless agencies prescribe other evaluation procedures, if the contracting officer anticipates that the cost of providing performance-based payments would have a significant impact on determining the best value offer, the solicitation should include an adjustment of proposed prices to reflect the estimated cost to the Government of providing each offeror's proposed performance-based payments (see *Alternate I* to the provision at 52.232-28).

(2) The contracting officer must—

(i) Review the proposed terms to ensure they comply with this section; and

(ii) Use the adjustment method in 32.205(c) if the price is to be adjusted for evaluation purposes in accordance with paragraph (e)(1)(ii) of this section.

[65 FR 16282, Mar. 27, 2000]

32.1005 Solicitation provision and contract clause.

(a) Insert the clause at 52.232-32, Performance-Based Payments, with the description of the basis for payment and liquidation as required in 32.1004 in—

(1) Solicitations that may result in contracts providing for performance-based payments; and

Federal Acquisition Regulation

32.1009

(2) Fixed-price contracts under which the Government will provide performance-based payments.

(b)(1) Insert the solicitation provision at 52.232-28, Invitation to Propose Performance-Based Payments, in negotiated solicitations that invite offerors to propose performance-based payments.

(2) Use the provision with its *Alternate I* in competitive negotiated solicitations if the Government intends to adjust proposed prices for proposal evaluation purposes (see 32.1004(e)).

[65 FR 16283, Mar. 27, 2000]

32.1006 [Reserved]

32.1007 Administration and payment of performance-based payments.

(a) *Responsibility.* The contracting officer responsible for administration of the contract shall be responsible for review and approval of performance-based payments.

(b) *Approval of financing requests.* Unless otherwise provided in agency regulations, or by agreement with the appropriate payment official—

(1) The contracting officer shall be responsible for receiving, approving, and transmitting all performance-based payment requests to the appropriate payment office; and

(2) Each approval shall specify the amount to be paid, necessary contractual information, and the appropriation account(s) (see 32.1004(c)) to be charged for the payment.

(c) *Reviews.* The contracting officer is responsible for determining what reviews are required for protection of the Government's interests. The contracting officer should consider the contractor's experience, performance record, reliability, financial strength, and the adequacy of controls established by the contractor for the administration of performance-based payments. Based upon the risk to the Government, post-payment reviews and verifications should normally be arranged as considered appropriate by the contracting officer. If considered necessary by the contracting officer, pre-payment reviews may be required.

(d) *Incomplete performance.* The contracting officer shall not approve a performance-based payment until the

specified event or performance criterion has been successfully accomplished in accordance with the contract. If an event is cumulative, the contracting officer shall not approve the performance-based payment unless all identified preceding events or criteria are accomplished.

(e) *Government-caused delay.* Entitlement to a performance-based payment is solely on the basis of successful performance of the specified events or performance criteria. However, if there is a Government-caused delay, the contracting officer may renegotiate the performance-based payment schedule, to facilitate contractor billings for any successfully accomplished portions of the delayed event or criterion.

32.1008 Suspension or reduction of performance-based payments.

The contracting officer shall apply the policy and procedures in paragraphs (a), (b), (c), and (e) of 32.503-6, Suspension or reduction of payments, whenever exercising the Government's rights to suspend or reduce performance-based payments in accordance with paragraph (e) of the clause at 52.232-32, Performance-Based Payments.

32.1009 Title.

(a) Since the clause at 52.232-32, Performance-Based Payments, gives the Government title to the property described in paragraph (f) of the clause, the contracting officer must ensure that the Government title is not compromised by other encumbrances. Ordinarily, the contracting officer, in the absence of reason to believe otherwise, may rely upon the contractor's certification contained in the payment request.

(b) If the contracting officer becomes aware of any arrangement or condition that would impair the Government's title to the property affected by the Performance-Based Payments clause, the contracting officer shall require additional protective provisions.

(c) The existence of any such encumbrance is a violation of the contractor's obligations under the contract, and the contracting officer may, if necessary, suspend or reduce payments under the terms of the Performance-
