(3) The Contractor is responsible for ensuring that participants and any stakeholders (as defined in ADS 253) are advised that USAID is not responsible for any medical claims in excess of the coverages provided by the HAC program, or for medical claims not eligible for coverage under the HAC program, or not otherwise covered in this section.

(d) The Contractor, to the extent that it is an educational institution with a mandatory student health service program, shall also enroll participants in that institution's student health service program. Medical costs which are covered under the institution's student health service shall not be eligible for payment under USAID's HAC program.

(e) If the Contractor has a mandatory, non-waivable health and accident insurance program for students, the costs of such insurance will be allowable under this contract. Any claims eligible under such insurance will not be payable under USAID's HAC plan or under this contract. Even though the participant is covered by the Contractor's mandatory, non-waivable health and accident insurance program, the participant MUST be enrolled in USAID's more comprehensive HAC program.

(f) Medical conditions pre-existing to the participant's sponsorship for training by USAID, discovered during the required pre-departure medical examination, are grounds for ineligibility for sponsorship unless specifically waived by the sponsoring unit, and covered through a separate insurance policy maintained by the participant or his employer, or a letter of guarantee from the participant or the employer (which thereby assumes liability for any related charges that might materialize. See ADS 253).

752.7021 Changes in tuition and fees.

For use in contracts for participant training with an educational institution.

CHANGES IN TUITION AND FEES (APR 1984)

While educational programs for participants will be established utilizing the Contractor's currently applicable tuition and fee schedule, the parties understand that such standard tuition and fees may be subject to change during the course of the program. If such event results in an increase in the cost of the program, USAID agrees to pay such increased standard tuition and fees in the next applicable academic term as a condition for the continuation of the program. If such change results in a decrease in the cost of the program, the Contractor agrees to charge to USAID only the amount of such revised standard tuition and fees in the next applicable academic term. The Contractor shall undertake to keep USAID currently advised as to changes in its standard tuition and fees. At such time as increases in the amounts of tuition and fees results in there being inadequate funds remaining in this contract to meet the costs of the next academic term, the Contractor will so advise USAID. USAID may then provide such additional funds as required to complete the program.
