

§ 225.19

shall append to the Rail Equipment Accident/Incident Report any report required by §219.209(b) (pertaining to failure to obtain samples for post-accident toxicological testing).

(3) For any train or non-train incident, the railroad shall provide any available information concerning the possible involvement of alcohol or drug use or impairment in such accident or incident.

(4) In providing information required by this paragraph, a railroad shall not disclose any information concerning use of controlled substances determined by the railroad's Medical Review Officer to have been consistent with 49 CFR 219.103.

[39 FR 43224, Dec. 11, 1974, as amended at 50 FR 31579, Aug. 2, 1985; 54 FR 53279, Dec. 27, 1989]

§ 225.19 Primary groups of accidents/incidents.

(a) For reporting purposes reportable railroad accidents/incidents are divided into three groups:

- Group I—Highway-Rail Grade Crossing;
- Group II—Rail Equipment;
- Group III—Death, Injury and Occupational Illness.

(b) *Group I—Highway-rail grade crossing.* Each highway-rail grade crossing accident/incident must be reported to the FRA on Form FRA F 6180.57, regardless of the extent of damages or whether a casualty occurred. In addition, whenever a highway-rail grade crossing accident/incident results in damages greater than the current reporting threshold to railroad on-track equipment, signals, track, track structures, or roadbed, that accident/incident shall be reported to the FRA on Form FRA F 6180.54. For reporting purposes, damages include labor costs and all other costs to repair or replace in kind damaged on-track equipment, signals, track, track structures, or roadbed, but do not include the cost of clearing a wreck.

(c) *Group II—Rail equipment.* Rail equipment accidents/incidents are collisions, derailments, fires, explosions, acts of God, and other events involving the operation of on-track equipment (standing or moving) that result in damages higher than the current re-

porting threshold (*i.e.*, \$6,700 for calendar years 2002 through 2005, and \$7,700 for calendar year 2006) to railroad on-track equipment, signals, tracks, track structures, or roadbed, including labor costs and the costs for acquiring new equipment and material. Each rail equipment accident/incident must be reported to the FRA on Form FRA F 6180.54. If the property of more than one railroad is involved in an accident/incident, the reporting threshold is calculated by including the damages suffered by all of the railroads involved. See §225.23, Joint Operations. The reporting threshold will be reviewed periodically, and, if necessary, will be adjusted every year.

(d) *Group III—Death, injury, or occupational illness.* Each event or exposure arising from the operation of a railroad shall be reported on Form FRA F 6180.55a if the event or exposure is a discernable cause of one or more of the following outcomes, and this outcome is a new case or a significant aggravation of a pre-existing injury or illness:

- (1) Death to any person;
- (2) Injury to any person that results in medical treatment;
- (3) Injury to a railroad employee that results in:
 - (i) A day away from work;
 - (ii) Restricted work activity or job transfer; or
 - (iii) Loss of consciousness;
- (4) Occupational illness of a railroad employee that results in any of the following:
 - (i) A day away from work;
 - (ii) Restricted work activity or job transfer;
 - (iii) Loss of consciousness; or
 - (iv) Medical treatment;
- (5) Significant injury to or significant illness of a railroad employee diagnosed by a physician or other licensed health care professional even if it does not result in death, a day away from work, restricted work activity or job transfer, medical treatment, or loss of consciousness;
- (6) Illness or injury that meets the application of any of the following specific case criteria:
 - (i) Needlestick or sharps injury to a railroad employee;
 - (ii) Medical removal of a railroad employee;

(iii) Occupational hearing loss of a railroad employee;

(iv) Occupational tuberculosis of a railroad employee; or

(v) Musculoskeletal disorder of a railroad employee if this disorder is independently reportable under one or more of the general reporting criteria.

(e) The reporting threshold is \$6,700 for calendar years 2002 through 2005 and \$7,700 for calendar year 2006. The procedure for determining the reporting threshold for calendar years 2006 and beyond appears as paragraphs 1-8 of appendix B to part 225.

§ 225.21 Forms.

The following forms and copies of the FRA Guide for Preparing Accident/Incident Reports may be obtained from the Office of Safety, FRA, 400 Seventh Street, SW., Washington, DC 20590.

(a) *Form FRA F 6180.54—Rail Equipment Accident/Incident Report.* Form FRA F 6180.54 shall be used to report each reportable rail equipment accident/incident which occurred during the preceding month.

(b) *Form FRA F 6180.55—Railroad Injury and Illness Summary.* Form FRA F 6180.55 must be filed each month, even though no reportable accident/incident occurred during the month covered. Each report must include an oath or verification, made by the proper officer of the reporting railroad, as provided for attestation on the form. If no reportable accident/incident occurred during the month, that fact must be stated on this form. All railroads subject to this part, shall show on this

form the total number of freight train miles, passenger train miles, yard switching train miles, and other train miles run during the month.

(c) *Form FRA 6180.55a—Railroad Injury and Illness (Continuation Sheet).* Form FRA 6180.55a shall be used to report all reportable fatalities, injuries and occupational illnesses that occurred during the preceding month.

(d) *Form FRA 6180.56—Annual Railroad Report of Manhours by State.* Form FRA 6180.56 shall be submitted as part of the monthly Railroad Injury and Illness Summary (Form FRA F 6180.55) for the month of December of each year.

(e) *Form FRA F 6180.57—Highway-Rail Grade Crossing Accident/Incident Report.* Form FRA F 6180.57 shall be used to report each highway-rail grade crossing accident/incident which occurred during the preceding month.

(f) *Form FRA F 6180.81—Employee Human Factor Attachment.* Form FRA F 6180.81 shall be used by railroads, as a supplement to the Rail Equipment Accident/Incident Report (Form FRA F 6180.54), in reporting rail equipment accidents/incidents that they attribute to an employee human factor. This form shall be completed in accordance with instructions printed on the form and in the current "FRA Guide for Preparing Accident/Incident Reports." The form shall be attached to the Rail Equipment Accident/Incident Report and shall be submitted within 30 days after expiration of the month in which the accident/incident occurred.

(g) *Form FRA F 6180.78—Notice to Railroad Employee Involved in Rail Equipment Accident/Incident Attributed to Employee Human Factor; Employee Statement Supplementing Railroad Accident Report.* When a railroad alleges, in the Employee Human Factor Attachment to a Rail Equipment Accident/Incident Report, that the act, omission, or physical condition of a specific employee was a primary or contributing cause of the rail equipment accident/incident, the railroad shall complete part I of Form FRA F 6180.78 to notify each such employee identified that the railroad has made such allegation and that the employee has the right to submit a statement to FRA. The railroad shall then submit the entire form, parts I and II, to the employee. The Employee
