§ 573.13 Reimbursement for pre-notification remedies.

(a) Pursuant to 49 U.S.C. 30120(d) and § 573.6(c)(8)(i) of this part, this section specifies requirements for a manufacturer's plan (including general reimbursement plans submitted pursuant to § 573.6(c)(8)(i)) to reimburse owners and purchasers for costs incurred for remedies in advance of the manufacturer's notification of safety-related defects and noncompliance with Federal motor vehicle safety standards under subsection (b) or (c) of 49 U.S.C. 30118.

(b) Definitions. The following definitions apply to this section:

(1) *Booster seat* means either a backless child restraint system or a belt-positioning seat.

(2) *Claimant* means a person who seeks reimbursement for the costs of a pre-notification remedy for which he or she paid.

(3) *Pre-notification remedy* means a remedy that is performed on a motor vehicle or item of replacement equipment for a problem subsequently addressed by a notification under subsection (b) or (c) of 49 U.S.C. 30118 and that is obtained during the period for reimbursement specified in paragraph (c) of this section.

(4) *Other child restraint system* means all child restraint systems as defined in 49 CFR 571.213 S4 not included within the categories of rear-facing infant seat or booster seat.

(5) *Rear-facing infant seat* means a child restraint system that is designed to position a child to face only in the direction opposite to the normal direction of travel of the motor vehicle.

(6) *Warranty* means a warranty as defined in § 579.4(c) of this chapter.

(c) The manufacturer's plan shall specify a period for reimbursement, as follows:

(1) The beginning date shall be no later than a date based on the underlying basis for the recall determined as follows:

(i) For a noncompliance with a Federal motor vehicle safety standard, the

date shall be the date of the first test or observation by either NHTSA or the manufacturer indicating that a non-compliance may exist.

(ii) For a safety-related defect that is determined to exist following the opening of an Engineering Analysis (EA) by NHTSA's Office of Defects Investigation (ODI), the date shall be the date the EA was opened, or one year before the date of the manufacturer's notification to NHTSA pursuant to § 573.6 of this part, whichever is earlier.

(iii) For a safety-related defect that is determined to exist in the absence of the opening of an EA, the date shall be one year before the date of the manufacturer's notification to NHTSA pursuant to § 573.6 of this part.

(2) The ending date shall be no earlier than:

(i) For motor vehicles, 10 calendar days after the date on which the manufacturer mailed the last of its notifications to owners pursuant to part 577 of this chapter.

(ii) For replacement equipment, 10 calendar days after the date on which the manufacturer mailed the last of its notifications to owners pursuant to part 577 of this chapter (where applicable) or 30 days after the conclusion of the manufacturer's initial efforts to provide public notice of the existence of the defect or noncompliance pursuant to § 577.7, whichever is later.

(d) The manufacturer's plan shall provide for reimbursement of costs for pre-notification remedies, subject to the conditions established in the plan. The following conditions and no others may be established in the plan.

(1) The plan may exclude reimbursement for costs incurred within the period during which the manufacturer's original or extended warranty would have provided for a free repair of the problem addressed by the recall, without any payment by the consumer unless a franchised dealer or authorized representative of the manufacturer denied warranty coverage or the repair made under warranty did not remedy the problem addressed by the recall. The exclusion based on an extended warranty may be applied only when the manufacturer provided written notice of the terms of the extended warranty to owners.
