

§ 701.12

(iii) *The contribution to an understanding of the subject by the public likely to result from disclosure—whether disclosure of the requested information will contribute to public understanding.* The disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject as opposed to the individual understanding of the requester. A requester's ability and expertise in the subject area as well as the requester's intention to effectively convey information to the public shall be considered. It shall be presumed that a representative of the news media will satisfy this consideration.

(iv) *The significance of the contribution to public understanding—whether the disclosure is likely to contribute significantly to public understanding of Amtrak operations or activities.* The public's understanding of the subject in question, as compared to the level of public understanding existing prior to the disclosure, must be enhanced by the disclosure to a significant extent.

(4) To determine whether the fee waiver requirement in paragraph (k)(2)(ii) of this section is met, Amtrak will consider the following factors:

(i) *The existence and magnitude of a commercial interest—whether the requesting party has a commercial interest that would be furthered by the requested disclosure.* Amtrak shall consider any commercial interest of the requesting party (with reference to the definition of "commercial use" in paragraph (c)(1) of this section), or any person on whose behalf the requesting party may be acting that would be furthered by the requested disclosure. Requesters shall be given an opportunity to provide explanatory information regarding this consideration.

(ii) *The primary interest in disclosure—whether the magnitude of the identified commercial interest of the requester is sufficiently large in comparison with the*

public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester." A fee waiver or reduction is justified where the public interest standard is satisfied and public interest is greater in magnitude than any identified commercial interest in disclosure.

(5) Requests for a fee waiver will be considered on a case-by-case basis, based upon the merits of the information provided. Where it is difficult to determine whether the request is commercial in nature, Amtrak may draw inference from the requester's identity and the circumstances of the request.

(6) Requests for a waiver or reduction of fees must address the factors listed in paragraphs (k) (3) and (4) of this section. In all cases, the burden shall be on the requesting party to present evidence of information in support of a request for a waiver of fees.

(1) *Aggregating requests.* A requester may not file multiple requests at the same time in order to avoid payment of fees. Where Amtrak reasonably believes that a requester or a group of requesters acting in concert is attempting to divide a request into a series of requests for the purpose of avoiding fees, Amtrak may aggregate those requests and charge accordingly. Amtrak may presume that multiple requests of this type made within a thirty-day period have been made in order to avoid fees. Where requests are separated by a longer period, Amtrak may aggregate them only when there exists a solid basis for determining that aggregation is warranted. Multiple requests involving unrelated matters may not be aggregated.

§ 701.12 Other rights and services.

Nothing in this part shall be construed as entitling any person, as of right, to any service or the disclosure of any record to which such person is not entitled under the FOIA.
