(1) Permittees must keep accurate records of operations, on a calendar year basis, showing the names and addresses of persons from and to whom migratory birds or their parts, nests, or eggs were received or delivered, the number and species of such, and the dates of receipt and delivery. In addition to the other records required by this paragraph, the permittee must maintain in his files, the original of the completed Form 3-186, Notice of Waterfowl Sale or Transfer, confirming his acquisition of captive reared, properly marked migratory waterfowl from the holder of a current waterfowl sale and disposal permit.

The tag must then remain attached until the mounted specimen is delivered to the owner.

(e) *Term of permit.* A taxidermist permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit will not exceed five (5) years from the date of issuance or renewal.
