- (iii) Following a final agency action on a permit sanction for a violation;
- (iv) For failure to pay a penalty or for default on a penalty payment agreement resulting from a final agency action for a violation; or
- (v) If the U.S. Maritime Administration or the U.S. Coast Guard notifies NMFS that:

(A) The owner has submitted an application for transfer of the vessel to foreign registry and flag; or

(B) The documentation for the vessel will be or has been deleted for any reason.

(6) *Process for Removal from the Vessel Register.* When a vessel is removed from the Vessel Register under paragraph (b)(5) of this section, the Regional Administrator shall promptly notify the vessel owner in writing of the removal and the reasons therefor. For a removal from the Vessel Register under §300.22(b)(5)(iii), the Regional Administrator will not accept a request to reinstate the vessel to the Vessel Register for the term of the permit sanction. For a removal from the Vessel Register under §300.22(b)(5)(iv), the Regional Administrator will not accept a request to reinstate the vessel to the Vessel Register until such time as payment is made on the penalty or penalty agreement, or such other duration as NOAA and the vessel owner may agree upon.

(7) *Procedures for replacing vessels removed from the Vessel Register.* (i) A vessel previously listed on the Vessel Register, but not included for a given year or years, may be added back to the Vessel Register and categorized as inactive at any time during the year, provided the owner of the vessel pays the observer placement fee associated with inactive status plus a 10 percent surcharge of the fee.

(ii) A vessel may be added to the Vessel Register and categorized as active in order to replace a vessel removed from active status under paragraph (b)(5) of this section, provided the total carrying capacity of active vessels does not exceed 8,969 mt and the owner submits a complete request under paragraph (b)(7)(iv) or (v) of this section.

(iii) After a vessel categorized as active is removed from the Vessel Register, the Regional Administrator will notify owners or managing owners of vessels categorized as inactive that replacement capacity is available on the active list of the Vessel Register. In the event that owners of inactive vessels do not request to replace a removed vessel, the Regional Administrator will notify owners of vessels eligible for, but not included on, the Vessel Register that replacement capacity is available on the active list of the Vessel Register.

(iv) The owner or managing owner of a purse seine vessel of 400 st (362.8 mt) carrying capacity or less may request a vessel be categorized as active to replace a vessel removed from the Vessel Register by submitting payment of the observer placement fee to the Regional Administrator.

(v) The owner or managing owner of a purse seine vessel in excess of 400 st (362.8 mt) carrying capacity may request a vessel be categorized as active to replace a vessel removed from the Vessel Register by submitting to the Regional Administrator under §216.24(b) of this title, the observer placement fee, vessel permit application, and permit application processing fee for the replacement vessel. The replacement vessel will be eligible to be categorized as active on the Vessel Register if it has a carrying capacity equal to or less than the vessel being replaced, and the captain of the replacement vessel possesses an operator permit under §216.24(b) of this title.

(vi) The Regional Administrator will forward requests to replace vessels removed from the Vessel Register within 15 days of receiving each request.
