§ 635.4 Permits and fees.

Information on permits and permit requirements may be obtained from the Division Chief or where otherwise stated in this part.

(a) *General*—(1) *Authorized activities*. Each permit issued by NMFS authorizes certain activities, and persons may not conduct these activities without the appropriate permit, unless otherwise authorized by NMFS in accordance with this part. In certain cases, additional permits may be required to authorize these same or related activities under federal, state or local jurisdictions.

(2) *Vessel permit inspection*. The owner or operator of a vessel of the United States must have the appropriate valid permit on board the vessel to fish for, take, retain, or possess Atlantic HMS when engaged in recreational fishing and to fish for, take, retain or possess Atlantic tunas, swordfish, or sharks when engaged in commercial fishing. The vessel operator must make such permit available for inspection upon request by NMFS or by a person authorized by NMFS. The owner of the vessel is responsible for satisfying all of the requirements associated with obtaining, maintaining, and making available for inspection all required vessel permits.

(3) *Property rights*. Limited access vessel permits or any other permit issued pursuant to this part do not represent either an absolute right to the resource or any interest that is subject to the takings provision of the Fifth Amendment of the U.S. Constitution. Rather, limited access vessel permits represent only a harvesting privilege that may be revoked, suspended, or amended subject to the requirements of the Magnuson-Stevens Act or other applicable law.
