(a) The relation of this part to other laws is set forth in § 600.705 of this chapter and paragraphs (b) and (c) of this section.

(b) The regulations in this part are intended to be compatible with, and do not supersede, similar regulations in effect for the Everglades National Park (36 CFR 7.45).

[60 FR 13919, Mar. 15, 1995, as amended at 63 FR 44595, Aug. 20, 1998; 67 FR 61991, Oct. 3, 2002]

§ 654.4 Trap limitation program.

The provisions of this section establish a Federal stone crab trap limitation program in the management area that complements the stone crab trap limitation program implemented by the Florida Fish and Wildlife Conservation Commission (FFWCC). The Federal program requires issuance of a commercial vessel permit, a trap certificate, and annual trap tags. A person in the management area who is in compliance with the FFWCC trap limitation program is exempt from the requirements of the Federal trap limitation program specified in this section.

(a) *Commercial vessel permit requirements.* Effective December 2, 2002, for a person aboard a vessel, except a person who is in compliance with the FFWCC stone crab trap limitation program, to possess or use a stone crab trap, possess more than 1 gallon (4.5 L) of stone crab claws, or sell stone crab claws in or from the management area, a valid Federal commercial vessel permit for stone crab must have been issued to the vessel and must be on board.

(1) *Eligibility for a commercial vessel permit.* The owner of a vessel is eligible to receive a Federal commercial vessel permit for stone crab if the owner provides documentation as specified in paragraph (a)(2) of this section substantiating his or her landings of a minimum of 300 lb (136 kg) of stone crab claws harvested from the management area or Florida's state waters during at least one of the stone crab fishing seasons, October 15 through

May 15, for 1995/1996 through 1997/1998. A person who has a valid stone crab trap certificate issued under the stone crab trap limitation program implemented by the FFWCC or a person whose Florida saltwater products license (SPL) has been suspended or revoked is not eligible for a Federal commercial vessel permit for stone crab.

(2) *Documentation of eligibility for a commercial vessel permit.* The only acceptable source of documentation of stone crab claws landed in Florida is landings documented by the Florida trip ticket system. To be creditable toward the 300-lb (136-kg) minimum qualifying landings, Florida landings must be associated with a single Florida SPL. Landings of stone crab harvested from the management area or Florida's state waters but landed in a state other than Florida may be documented by dealer records. Such dealer records must definitively show the species known as stone crab and must include the vessel's name, official number, or other reference that provides a way of clearly identifying the vessel; dates and amounts of stone crab landings; and a sworn affidavit by the dealer confirming the accuracy and authenticity of the records. A sworn affidavit is an official written statement wherein the individual signing the affidavit affirms that the information presented is accurate and can be substantiated, under penalty of law. Documentation of landings are subject to verification by comparison with state, Federal, and other records and information. Submission of false documentation is a violation of the regulations in this part and may disqualify the owner from participation in the fishery.

(3) *Application for a commercial vessel permit.* Applications for a commercial vessel permit for stone crab are available from the RA. A vessel owner (in the case of a corporation, an officer or shareholder; in the case of a partnership, a general partner) who desires such a permit must submit an application, including documentation of stone crab landings as specified in paragraphs (a)(1) and (2) of this section, to the RA postmarked or hand-delivered not later than January 31, 2003. Failure to apply in a timely manner will preclude permit issuance even when the
