(5) When the individual is between 16 and 18 years of age and is in the care of another person and does not have the capacity to act on his or her own behalf.

§ 266.3 Information considered in determining whether to make representative payments.

In determining whether to make representative payment, the Board may consider the following information:

(a) *Evidence of legal guardianship.* Evidence of the appointment of a legal guardian or other person legally vested with the care of the person or estate of an incompetent or a minor shall be a certified copy of the court's determination.

(b) *Medical evidence.* The Board may use medical evidence, when such is available, to help determine whether an annuitant is capable of managing or directing the management of benefit payments. For example, a statement by a physician or other medical professional based upon his or her recent examination of the annuitant and his or her knowledge of the annuitant's present condition will be used in the Board's determination, if it includes information concerning the nature of the annuitant's illness, the annuitant's chances for recovery and the opinion of the physician or other medical professional as to whether the annuitant is able to manage or direct the management of benefit payments.

(c) *Other evidence.* The Board may also consider statements of relatives, friends, and other people in a position to know and observe the annuitant, which contain information helpful to the Board in deciding whether the an-

nuitant is able to manage or direct the management of benefit payments.

§ 266.4 Information considered in selecting a representative payee.

In selecting a representative payee, the Board tries to select the person, agency, organization or institution that will best serve the interest of the annuitant. In making this selection, the Board may consider such factors as the following:
