

§ 30.1

20 CFR Ch. I (4–1–07 Edition)

the payment of monetary compensation for the death (and established wage-loss, where applicable) of a covered Part E employee to specified survivors if the covered Part E employee is deceased at the time of payment.

(c) All types of benefits and conditions of eligibility listed in this section are subject to the provisions of EEOICPA and this part.

§ 30.1 What rules govern the administration of EEOICPA and this chapter?

In accordance with EEOICPA, Executive Order 13179 and Secretary's Order No. 4-2001, the primary responsibility for administering the Act, except for those activities assigned to the Secretary of Health and Human Services (HHS), the Secretary of Energy and the Attorney General, has been delegated to the Assistant Secretary of Labor for Employment Standards. The Assistant Secretary, in turn, has delegated the responsibility for administering the Act to the Director of the Office of Workers' Compensation Programs (OWCP). Except as otherwise provided by law, the Director of OWCP and his or her designees have the exclusive authority to administer, interpret and enforce the provisions of the Act.

§ 30.2 In general, how have the tasks associated with the administration of EEOICPA claims process been assigned?

(a) In E.O. 13179, the President assigned the tasks associated with administration of the EEOICPA claims process among the Secretaries of Labor, HHS and Energy, and the Attorney General. In light of the fact that the Secretary of Labor has been assigned primary responsibility for administering EEOICPA, almost the entire claims process is within the exclusive control of OWCP. This means that all claimants file their claims with OWCP, and OWCP is responsible for granting or denying compensation under the Act (see §§ 30.100 through 30.102). OWCP also provides assistance to claimants and potential claimants by providing information regarding eligibility and other program requirements, including information on completing claim forms and the types and availability of medical testing and di-

agnostic services related to occupational illnesses under Part B of the Act and covered illnesses under Part E of the Act. In addition, OWCP provides an administrative review process for claimants who disagree with its recommended and final adverse decisions on claims of entitlement (see §§ 30.300 through 30.320).

(b) However, HHS has exclusive control of the portion of the claims process under which it provides reconstructed doses for certain radiogenic cancer claims (see § 30.115). HHS also has exclusive control of the process for designating classes of employees to be added to the Special Exposure Cohort under Part B of the Act, and has promulgated regulations governing that process at 42 CFR part 83. Finally, HHS has promulgated regulations at 42 CFR part 81 that set out guidelines that OWCP follows when it assesses the compensability of an employee's radiogenic cancer (see § 30.213). DOE and DOJ must, among other things, notify potential claimants and submit evidence that OWCP deems necessary for its adjudication of claims under EEOICPA (see §§ 30.105, 30.112, 30.206, 30.212 and 30.221).

§ 30.3 What do these regulations contain?

This part 30 sets forth the regulations governing administration of all claims that are filed with OWCP, except to the extent specified in certain provisions. Its provisions are intended to assist persons seeking benefits under EEOICPA, as well as personnel in the various federal agencies and DOL who process claims filed under EEOICPA or who perform administrative functions with respect to EEOICPA. The various subparts of this part contain the following:

(a) Subpart A: The general statutory and administrative framework for processing claims under both Parts B and E of EEOICPA. It contains a statement of purpose and scope, together with definitions of terms, information regarding the disclosure of OWCP records, and a description of rights and penalties involving EEOICPA claims, including convictions for fraud.

(b) Subpart B: The rules for filing claims for entitlement under

EEOICPA. It also addresses general standards regarding necessary evidence and the burden of proof, descriptions of basic forms and special procedures for certain cancer claims.

(c) Subpart C: The eligibility criteria for occupational illnesses and covered illnesses compensable under Parts B and E of EEOICPA, respectively.

(d) Subpart D: The rules governing the adjudication process leading to recommended and final decisions on claims for entitlement filed under Parts B and E of EEOICPA. It also describes the hearing and reopening processes.

(e) Subpart E: The rules governing medical care, second opinion and referee medical examinations and impairment evaluations directed by OWCP as part of its adjudication of entitlement, and medical reports and records in general. It also addresses the kinds of medical treatment that may be authorized and how medical bills are paid.

(f) Subpart F: The rules relating to the payment of monetary compensation available under Parts B and E of EEOICPA. It includes provisions on medical monitoring for beryllium sensitivity, on the identification, processing and recovery of overpayments of compensation, and on the maximum aggregate amount of compensation payable under Part E.

(g) Subpart G: The rules concerning the representation of claimants in connection with the administrative adjudication of claims before OWCP, subrogation of the United States, the effect of tort suits against beryllium vendors and atomic weapons employers, and the coordination of benefits under Part E of EEOICPA with state workers' compensation benefits for the same covered illness.

(h) Subpart H: Information for medical providers. It includes rules for medical reports, medical bills, and the OWCP medical fee schedule, as well as the provisions for exclusion of medical providers.

(i) Subpart I: The rules relating to the adjudication of alleged periods of wage-loss of covered Part E employees. It also includes provisions on the use by OWCP of Social Security Administration earnings information and cer-

tain medical evidence to establish compensable wage-loss.

(j) Subpart J: The rules relating to the adjudication of alleged permanent impairment due to the exposure of covered Part E employees to toxic substances. It includes provisions relating to the medical evaluation of ratable impairments, the rating of progressive conditions, and qualifications of physicians.

DEFINITIONS

§ 30.5 What are the definitions used in this part?

(a) *Act* or *EEOICPA* means the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (42 U.S.C. 7384 *et seq.*).

(b) *Atomic weapon* means any device utilizing atomic energy, exclusive of the means for transporting or propelling the device (where such means is a separable and divisible part of the device), the principle purpose of which is for use as, or for development of, a weapon, a weapon prototype, or a weapon test device.

(c) *Atomic weapons employee* means:

(1) An individual employed by an atomic weapons employer during a period when the employer was processing or producing, for the use by the United States, material that emitted radiation and was used in the production of an atomic weapon, excluding uranium mining and milling; or

(2)(i) An individual employed at a facility that the National Institute for Occupational Safety and Health (NIOSH) reported had a potential for significant residual contamination outside of the period described in paragraph (c)(1) of this section;

(ii) By the atomic weapons employer that owned the facility referred to in paragraph (c)(2)(i) of this section, or a subsequent owner or operator of such facility; and

(iii) During a period reported by NIOSH, in its report dated October 2003 and titled "Report on Residual Radioactive and Beryllium Contamination at Atomic Weapons Employer Facilities and Beryllium Vendor Facilities," or any update to that report, to have a potential for significant residual radioactive contamination.
