#### § 570.456 Ineligible activities and limitations on eligible activities.

(a) Large cities and urban counties may not use assistance under this subpart for planning the project or devel-

Any small city which submits a project application which is selected for preliminary approval and for which legally binding grant agreement and for which a release of funds pursuant to 24 CFR part 58 has been issued may devote up to three (3) percent of the approved amount of its action grant to defray its actual costs in planning the project and preparing its application.

(b) Assistance under this subpart may not be used for public services as described in § 570.201(e).

(c)(1) No assistance may be provided under this subpart for speculative projects intended to facilitate the relocation of industrial or commercial plants or facilities from one area to another. (ii) The restrictions established in this paragraph (c)(1) shall not apply if the Secretary determines that the relocation does not significantly and adversely affect the employment or economic base of the area from which the industrial or commercial plant or facility is to be relocated. However, the Secretary will not be required to make a determination whether there is a significant and adverse effect. If such a
