

§ 179.3

25 CFR Ch. I (4-1-07 Edition)

Contract Bonus means cash consideration paid or agreed to be paid as incentive for execution of the contract.

Income means the rents and profits of real property and the interest on invested principal.

Indian Land means all lands held in trust by the United States for individual Indians or tribes; or all lands, titles to which are held by individual Indians or tribes, subject to Federal restrictions against alienation or encumbrance.

Principal means the corpus and capital of an estate, including any payment received for the sale or diminishment of the corpus, as opposed to the income.

Secretary means the Secretary of the Interior or authorized representative.

Superintendent means the designated officer in charge of an Agency.

§ 179.3 Application of State law.

In the absence of Federal law or Federally-approved tribal law to the contrary, the rules of life estates and future interests in the State in which the land is located shall be applied on Indian land. State procedural laws concerning the appointment and duties of private trustees shall not apply.

§ 179.4 Distribution of principal and income.

In all cases where the document creating the life estate does not specify a distribution of proceeds; or where the vested remainderman and life tenant have not entered into a written agreement approved by the Secretary providing for the distribution of proceeds; or where, by such document or agreement or by the application of State law, the open mine doctrine does not apply; the Secretary shall:

(a) Distribute all rents and profits, as income, to the life tenant.

(b) Distribute any contract bonus one-half each to the life tenant and the remainderman.

(c) In the case of mineral contracts, invest the principal, with interest income to be paid the life tenant during the life estate, except in those instances where the administrative cost of investment is disproportionately high, in which case §179.4(d) shall apply. The principal will be distributed

to the remainderman upon termination of the life estate.

(d) In all other instances, distribute the principal immediately according to the formulas set forth in §179.5, investing all proceeds attributable to any contingent remainderman in an account, with disbursement to take place upon determination of the contingent remainderman.

§ 179.5 Value of life estates and remainders.

(a) The value of a life estate shall be determined by the formula: Value of Life Estate = $P \times L$, where P = Value of principal, and L = Life estate factor for the age and sex of the life tenant, as shown in Column 2 on tables A(1) and A(2).

(b) The value of a remainder shall be determined by the formula: Value of Remainder = $P \times R$, where P = Value of principal, and R = Remainder factor for the age and sex of the life tenant, as shown in Column 3 on tables A(1) and A(2).
